16 February 2017

West Wyalong Local Aboriginal Land Council  
PO Box 332  
WEST WYALONG NSW 2671

Dear Sir/Madam,

**Cowal Gold Operations Continuation Modification Aboriginal Cultural Heritage Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment, and therefore may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

For the purposes of meeting its consultation requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution hereby notifies you that it would like to consult with any Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest".

Should you know of any Aboriginal person or group who may wish to be consulted in relation to the process described above, could you please provide their details before **5.00 pm on Tuesday 7 March 2017** to Evolution via the following contact details:

Evolution Mining (Cowal) Pty Limited

PO Box 379, West Ryde NSW 2114  
[dwallace@resourcestrategies.com.au](mailto:dwallace@resourcestrategies.com.au)

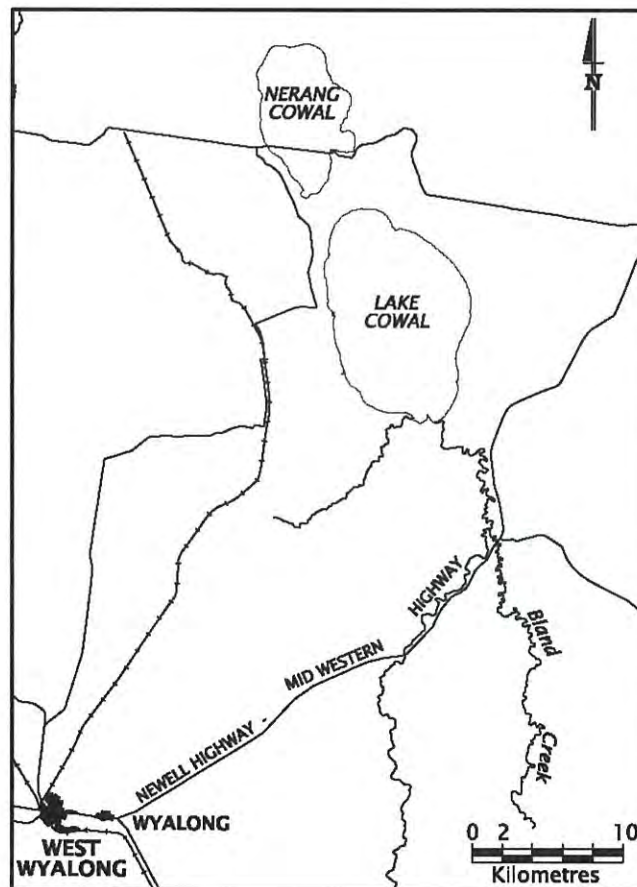

Evolution will then write to each Aboriginal person or group whose details are provided by you to notify them of the process and invite them to register an interest in the process of community consultation to be carried out in accordance with the Consultation Guidelines.

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

Yours faithfully,  
Evolution Mining (Cowal) Pty Limited

National Native Title Tribunal  
NSW & ACT Registry  
GPO Box 9973  
SYDNEY NSW 2001

Dear Sir/Madam,

**Cowal Gold Operations Continuation Modification Aboriginal Cultural Heritage Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment, and therefore may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

For the purposes of meeting its consultation requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution hereby notifies you that it would like to consult with any Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest".

Should you know of any Aboriginal person or group who may wish to be consulted in relation to the process described above, could you please provide their details before **5.00 pm on Tuesday 7 March 2017** to Evolution via the following contact details:

## UNCLASSIFIED

**Native title search – NSW Parcel**

**Your ref:** *Cowal Gold Operations*- **Our ref:** SR2234

Dear Bronwyn Flynn and Danielle Wallace,

Thank you for your search request received on 23 February 2017 in relation to the above area.

On the basis that the search area appears to be located within the Bland, Forbes, Lachlan and Weddin Shire Council Local Government Areas ('Bland, Forbes, Lachlan and Weddin LGAs'), the National Native Title Tribunal has provided native title overlap results for Bland, Forbes, Lachlan and Weddin LGAs. All overlaps shown have been verified as real.

### Search Results

The results provided are based on the information you supplied and are derived from a search of the following Tribunal databases:

- Schedule of Applications
- Register of Native Title Claims
- National Native Title Register
- Register of Indigenous Land Use Agreements
- Notified Indigenous Land Use Agreements

Copies of the relevant register extracts are now available on our website [here](#).

**Please note:** There may be a delay between a native title determination application being lodged in the Federal Court and its transfer to the Tribunal. As a result, some native title determination applications recently filed with the Federal Court may not appear on the Tribunal's databases.

The search results are based on analysis against external boundaries of applications only. Native title applications commonly contain exclusions clauses which remove areas from within the external boundary. To determine whether the areas described are in fact subject to claim, you need to refer to the "Area covered by claim" section of the relevant Register Extract or Schedule Extract and any maps attached.

### Search results and the existence of native title

Please note that the enclosed information from the Register of Native Title Claims and/or the Schedule of Applications is **not** confirmation of the existence of native title in this area. This cannot be confirmed until the Federal Court makes a determination that native title does or does not exist in relation to the area. Such determinations are registered on the National Native Title Register.

**Tribunal accepts no liability for reliance placed on enclosed information**

The enclosed information has been provided in good faith. Use of this information is at your sole risk. The National Native Title Tribunal makes no representation, either express or implied, as to the accuracy or suitability of the information enclosed for any particular purpose and accepts no liability for use of the information or reliance placed on it.

If you have any further queries, please do not hesitate to contact me on the number below or on the free call number 1800 640 501.

Regards,

# Overlap Analysis Report

## Disclaimer

This information product has been created to assist in understanding the spatial characteristics and relationships of this native title matter and is intended as a guide only. Spatial data used has been sourced from the relevant custodians in each jurisdiction, and/or the Tribunal, and is referenced to the GDA94 datum.

While the Native Title Registrar (**Registrar**) has exercised due care in ensuring the accuracy of the information provided, it is provided for general information only and on the understanding that neither the Native Title Registrar nor the Commonwealth of Australia (Commonwealth) is providing professional advice. Appropriate professional advice relevant to your circumstances should be sought rather than relying on the information provided. In addition, you must exercise your own judgment and carefully evaluate the information provided for accuracy, currency, completeness and relevance for the purpose for which it is to be used.

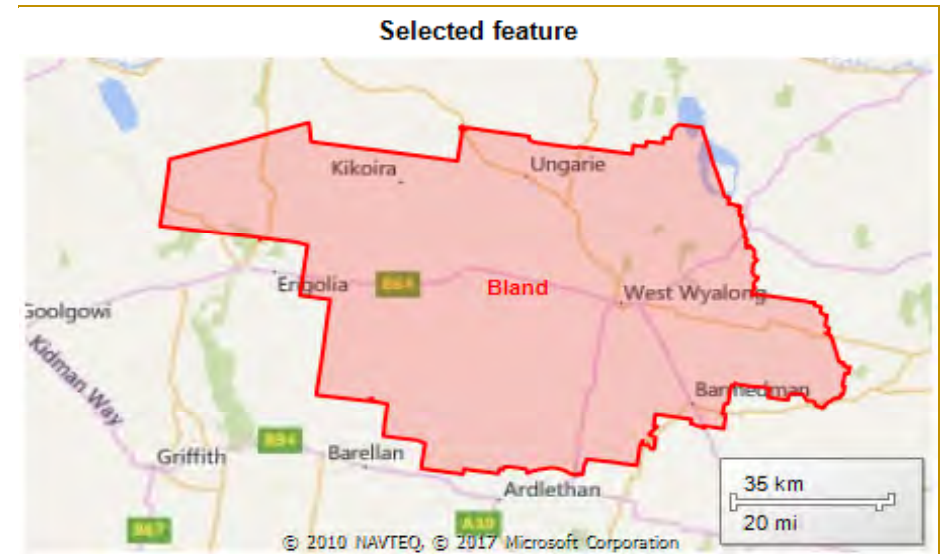

As the interpretation of any particular native title determination area provided is based upon the best information available to the Registrar at the time of creation, any effective analysis must include reference to **both** the relevant determination of native title made by the Federal Court of Australia and the entry made in relation to that determination on the National Native Title Register maintained by the Registrar.

## Please note:

- Calculated areas may not be the same as the legal area of a parcel.
- Where shown, NNTT Tenure Class for a non freehold parcel refers to a tenure grouping derived for the purposes of the Tribunal, and does not necessarily represent the jurisdictional tenure type.
- Overlap results are returned only for the currently active jurisdiction.

Mr Jamie Coad  
Manager - Safety, Training, Environment and Social Responsibility  
Evolution Mining  
PO Box 210  
WEST WYALONG NSW 2671

Dear Mr Coad

**Re: Registration of Aboriginal Interests – Cowal Gold Operations Stage H Cutbacks – Aboriginal Cultural Heritage Clearance Activities - Bland Local Government Area**

I refer to your letter dated 13 March 2017 to the Office of Environment and Heritage (OEH) regarding the above matter. Please note that the Bland Shire Council forms part of South West Region's area of responsibility and all correspondence should be sent to the address below.

Attached is a list of known Aboriginal parties for the Bland Local Government Area that OEH considers likely to have an interest in the proposed development. If the activity extends into the adjoining Forbes or Lachlan Local Government Areas, lists for these areas are maintained by the North West Region office located in Dubbo. However, please let me know if you need additional details and I will coordinate the response.

Please note this is not necessarily an exhaustive list of all interested Aboriginal parties and receipt of this list does not remove the requirement for a proponent or consultant to advertise in local print media and contact other bodies seeking interested Aboriginal parties, in accordance with the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (April 2010). The list includes all Local Aboriginal Land Councils (LALC) that occur within the local government area. It is the proponent's responsibility to identify which of these is the appropriate organisation to include within the consultation process as identified in the consultation requirements.

Please note that the contact details in the list provided by OEH may be out of date as it relies on Aboriginal parties advising OEH when their details require changing. If individuals or companies undertaking consultation are aware that any groups contact details are out of date, or letters are returned unopened, please contact either the relevant stakeholder group (if you know their more current details) and/or OEH.

Should you require any further information or advice please contact me on 6022 0606 or via email: [peter.ewin@environment.nsw.gov.au](mailto:peter.ewin@environment.nsw.gov.au).

Yours sincerely

**Subject:** RE: Aboriginal Cultural Heritage Assessment - Cowal Gold Operations

Hi Danielle,

The West Wyalong Local Aboriginal Land Council is very interested in being involved in the Assessment. Being that the mining operation area falls within our LALCs boundaries it is our responsibility to ensure Culture and Heritage values are protected and preserved.

My Board thanks you for the opportunity to be involved.

I can be contacted on the numbers provided below.

Kind Regards

*Leeanne Hampton*

Dear Danielle

**Re: Request - Search for Registered Aboriginal Owners**

I refer to your letter dated 16 February 2017 regarding Aboriginal Cultural Heritage Assessment within the West Wyalong area of NSW.

I have searched the Register of Aboriginal Owners and the project area described *does not appear* to have Registered Aboriginal Owners pursuant to Division 3 of the *Aboriginal Land Rights Act 1983 (NSW)*.

I suggest that you contact the West Wyalong Local Aboriginal Land Council on 02 6972 3493. They will be able to assist you in identifying other Aboriginal stakeholders for this project.

Yours sincerely

Bianca Ceissman  
**Administration Officer**  
Office of the Registrar, *Aboriginal Land Rights Act 1983 (NSW)*

Hi George,

Thank you for contacting Evolution in relation to the potential registration of the Ngemba, Ngiyampaa, Wangaaypuwan and Wayilwan Native Title Claimants for the Aboriginal community consultation process for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment. I understand that you spoke with Danielle Wallace yesterday requesting an extension to the registration period.

As discussed, Evolution is willing to grant an extension to the registration period to midday (12pm) on Friday 24 March 2017. Please note that unfortunately Evolution is not in a position to offer a further extension beyond this time period.

Please don't hesitate to call me on 0408 745 397 should you wish to discuss further.

Kind Regards,

Bronwyn

Dear David,

### **Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. For the purposes of meeting its consultation requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment.

Also in accordance with the requirements of the Consultation Guidelines, Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest" are invited to register an interest in a process of community consultation with Evolution regarding the Modification.

Should you wish to register and interest in the community consultation process described above, could you please provide your details before **5.00 pm on Monday 27 March 2017** to Evolution via the following contact details:

Evolution Mining (Cowal) Pty Limited  
c/- Danielle Wallace  
0414 833 397  
PO Box 379, West Ryde NSW 2114  
[dwallace@resourcestrategies.com.au](mailto:dwallace@resourcestrategies.com.au)

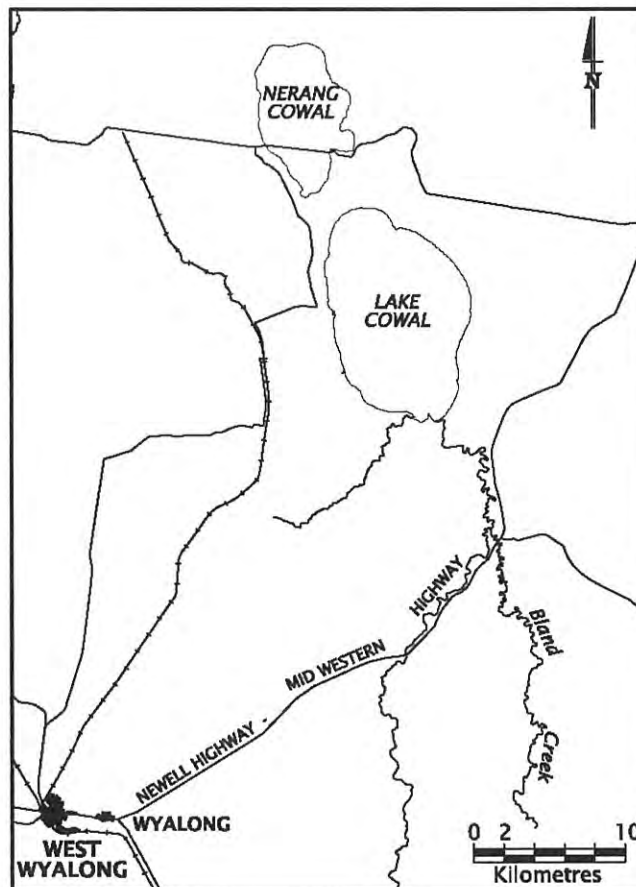

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

Yours faithfully,

Narrandera Local Aboriginal Land Council  
PO Box 544  
NARANDERA NSW 2700

Dear Sir/Madam,

### **Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. For the purposes of meeting its consultation requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment.

Also in accordance with the requirements of the Consultation Guidelines, Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest" are invited to register an interest in a process of community consultation with Evolution regarding the Modification.

Should you wish to register and interest in the community consultation process described above, could you please provide your details before **5.00 pm on Thursday 13 April 2017** to Evolution via the following contact details:

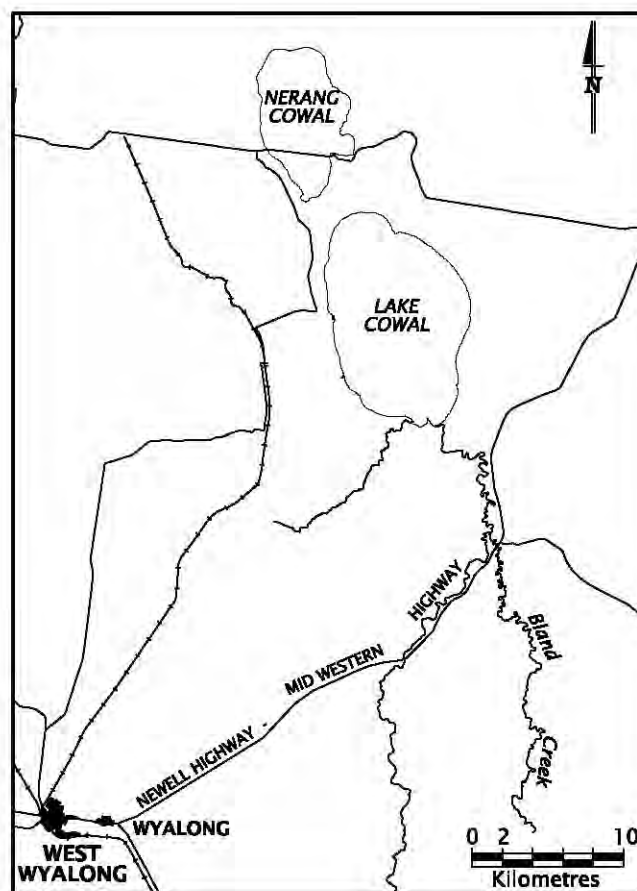

Evolution Mining (Cowal) Pty Limited  
c/- Danielle Wallace  
0414 833 397  
PO Box 379, West Ryde NSW 2114  
[dwallace@resourcestrategies.com.au](mailto:dwallace@resourcestrategies.com.au)

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

Yours faithfully,  
Evolution Mining (Cowal) Pty Limited

West Wyalong Local Aboriginal Land Council  
Leeanne Hampton  
PO Box 332  
WEST WYALONG NSW 2671

Dear Leeanne,

**Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. In accordance with the requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment. This includes:

- Contacting various government organisations and requesting a list of any Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest".
- Writing to the Aboriginal persons or groups identified by the above process to notify them of the Modification and invite them to register an interest in the community consultation process.
- Placing a notice in a local newspaper explaining the Modification and inviting Aboriginal persons or groups to register an interest in the community consultation process.

**Due to your previous involvement in the Aboriginal Cultural Heritage Assessment for the Cowl Gold Mine Extension Modification in 2013, you have been automatically registered for the consultation process associated with the Modification. You do NOT need to contact Evolution to re-register for the Modification.**

However, Evolution would appreciate if you could please provide updated contact details for the Modification. Could you please complete the attached form and return to Evolution via the contact details provided below.

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

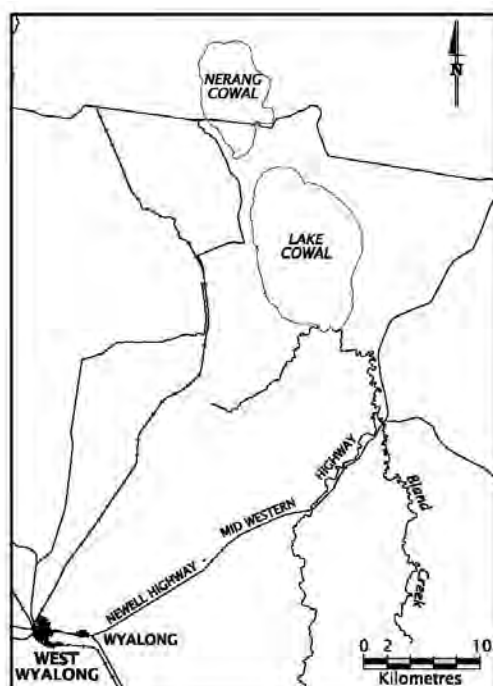

Should you have any queries regarding your registration, require any further clarification, or wish to discuss the Modification further please do not hesitate to contact Evolution via the following contact details:

8 March 2017

Sharon Williams  
c/- PO Box 70  
COWRA NSW 2794

Dear Sharon,

**Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. In accordance with the requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment. This includes:

- Contacting various government organisations and requesting a list of any Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest".
- Writing to the Aboriginal persons or groups identified by the above process to notify them of the Modification and invite them to register an interest in the community consultation process.
- Placing a notice in a local newspaper explaining the Modification and inviting Aboriginal persons or groups to register an interest in the community consultation process.

**Due to your previous involvement in the Aboriginal Cultural Heritage Assessment for the Cowl Gold Mine Extension Modification in 2013, you have been automatically registered for the consultation process associated with the Modification. You do NOT need to contact Evolution to re-register for the Modification.**

However, Evolution would appreciate if you could please provide updated contact details for the Modification. Could you please complete the attached form and return to Evolution via the contact details provided below.

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

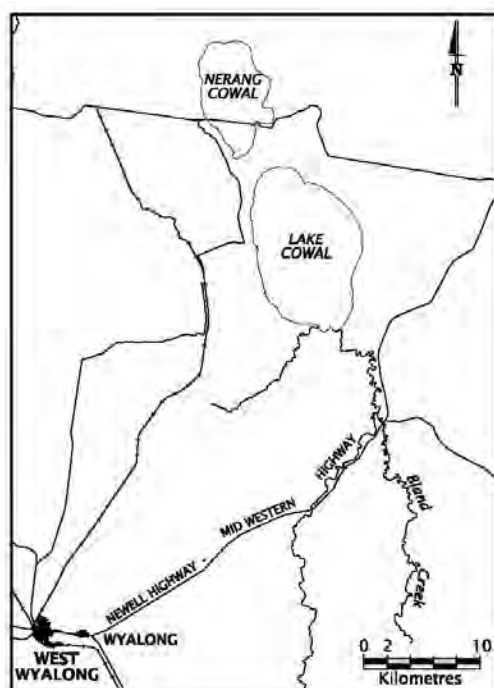

Should you have any queries regarding your registration, require any further clarification, or wish to discuss the Modification further please do not hesitate to contact Evolution via the following contact details:

8 March 2017

Wayne Williams  
c/- PO Box 70  
COWRA NSW 2794

Dear Wayne,

**Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. In accordance with the requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment. This includes:

- Contacting various government organisations and requesting a list of any Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest".
- Writing to the Aboriginal persons or groups identified by the above process to notify them of the Modification and invite them to register an interest in the community consultation process.
- Placing a notice in a local newspaper explaining the Modification and inviting Aboriginal persons or groups to register an interest in the community consultation process.

**Due to your previous involvement in the Aboriginal Cultural Heritage Assessment for the Cowl Gold Mine Extension Modification in 2013, you have been automatically registered for the consultation process associated with the Modification. You do NOT need to contact Evolution to re-register for the Modification.**

However, Evolution would appreciate if you could please provide updated contact details for the Modification. Could you please complete the attached form and return to Evolution via the contact details provided below.

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

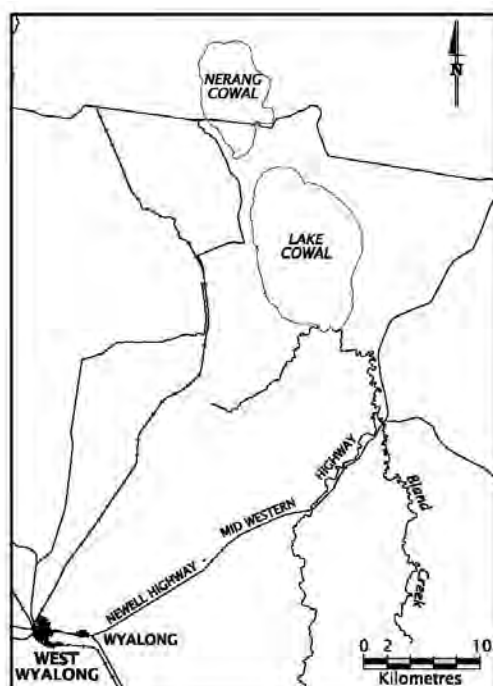

Should you have any queries regarding your registration, require any further clarification, or wish to discuss the Modification further please do not hesitate to contact Evolution via the following contact details:

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. In accordance with the requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment. This includes:

- Contacting various government organisations and requesting a list of any Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest".
- Writing to the Aboriginal persons or groups identified by the above process to notify them of the Modification and invite them to register an interest in the community consultation process.
- Placing a notice in a local newspaper explaining the Modification and inviting Aboriginal persons or groups to register an interest in the community consultation process.

**Due to your previous involvement in the Aboriginal Cultural Heritage Assessment for the Cowl Gold Mine Extension Modification in 2013, you have been automatically registered for the consultation process associated with the Modification. You do NOT need to contact Evolution to re-register for the Modification.**

However, Evolution would appreciate if you could please provide updated contact details for the Modification. Could you please complete the attached form and return to Evolution via the contact details provided below.

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

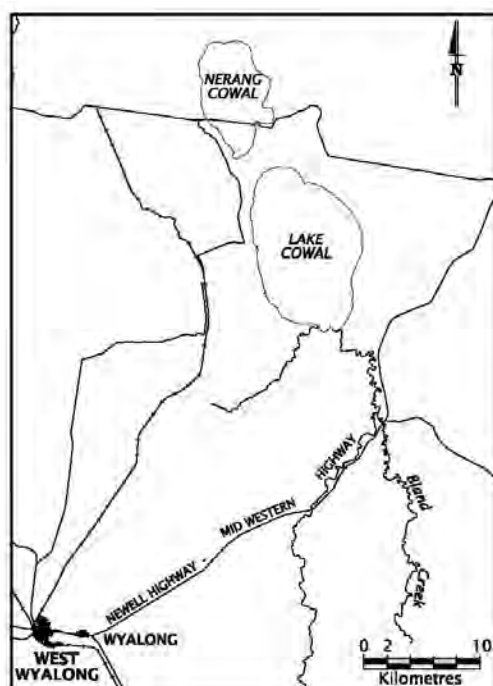

Should you have any queries regarding your registration, require any further clarification, or wish to discuss the Modification further please do not hesitate to contact Evolution via the following contact details:

Dear Cindy,

**Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. In accordance with the requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment. This includes:

- Contacting various government organisations and requesting a list of any Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest".
- Writing to the Aboriginal persons or groups identified by the above process to notify them of the Modification and invite them to register an interest in the community consultation process.
- Placing a notice in a local newspaper explaining the Modification and inviting Aboriginal persons or groups to register an interest in the community consultation process.

**Due to your previous involvement in the Aboriginal Cultural Heritage Assessment for the Cowl Gold Mine Extension Modification in 2013, you have been automatically registered for the consultation process associated with the Modification. You do NOT need to contact Evolution to re-register for the Modification.**

However, Evolution would appreciate if you could please provide updated contact details for the Modification. Could you please complete the attached form and return to Evolution via the contact details provided below.

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

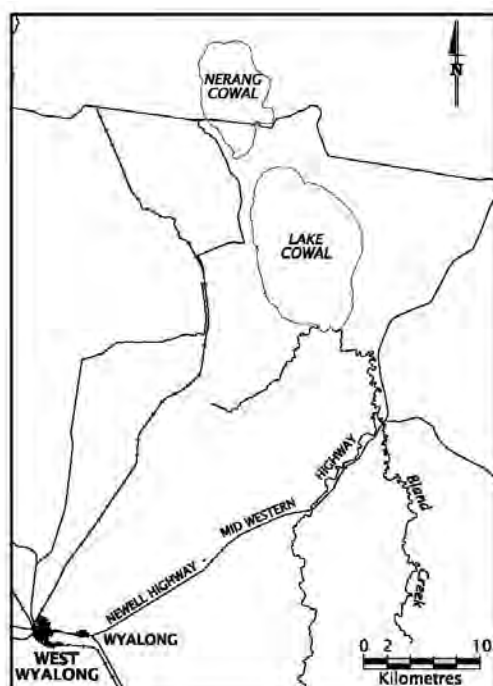

Should you have any queries regarding your registration, require any further clarification, or wish to discuss the Modification further please do not hesitate to contact Evolution via the following contact details:

CHARNWOOD ACT 2615

Dear Janine,

**Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. In accordance with the requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment. This includes:

- Contacting various government organisations and requesting a list of any Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest".
- Writing to the Aboriginal persons or groups identified by the above process to notify them of the Modification and invite them to register an interest in the community consultation process.
- Placing a notice in a local newspaper explaining the Modification and inviting Aboriginal persons or groups to register an interest in the community consultation process.

**Due to your previous involvement in the Aboriginal Cultural Heritage Assessment for the Cowl Gold Mine Extension Modification in 2013, you have been automatically registered for the consultation process associated with the Modification. You do NOT need to contact Evolution to re-register for the Modification.**

However, Evolution would appreciate if you could please provide updated contact details for the Modification. Could you please complete the attached form and return to Evolution via the contact details provided below.

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

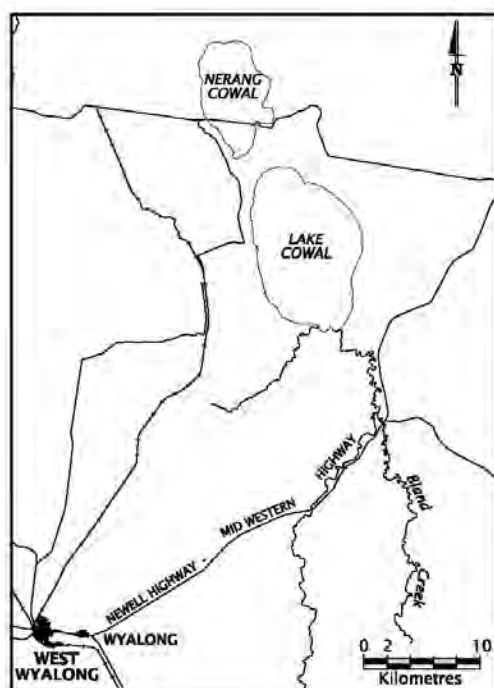

Should you have any queries regarding your registration, require any further clarification, or wish to discuss the Modification further please do not hesitate to contact Evolution via the following contact details:

Dear Sir/Madam,

**Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage  
Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. For the purposes of meeting its consultation requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment.

Also in accordance with the requirements of the Consultation Guidelines, Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest" are invited to register an interest in a process of community consultation with Evolution regarding the Modification.

Should you wish to register and interest in the community consultation process described above, could you please provide your details before **5.00 pm on Wednesday 22 March 2017** to Evolution via the following contact details:

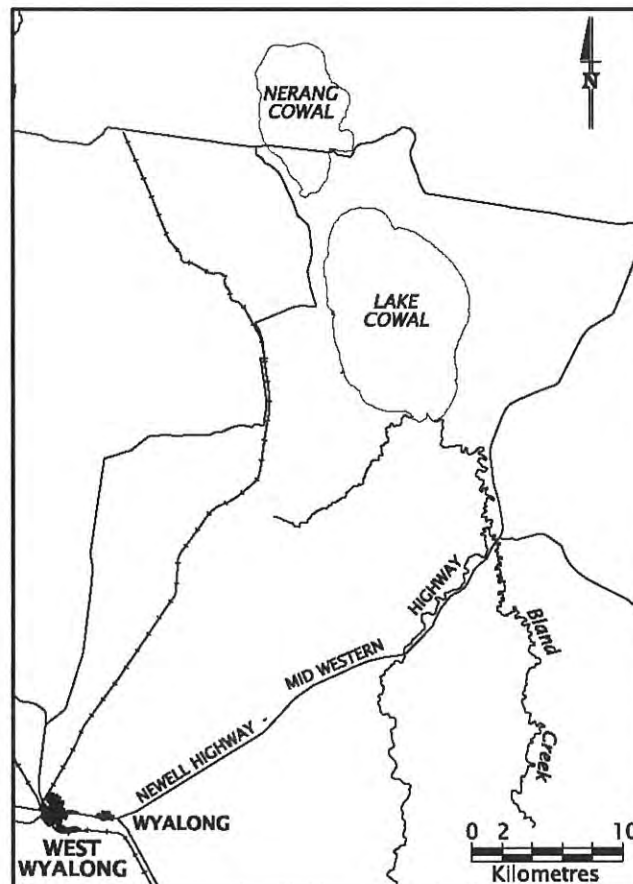

Evolution Mining (Cowal) Pty Limited  
c/- Danielle Wallace  
0414 833 397  
PO Box 379, West Ryde NSW 2114  
[dwallace@resourcestrategies.com.au](mailto:dwallace@resourcestrategies.com.au)

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

Yours faithfully,

## PUBLIC NOTICES

### Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the *NSW National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. In accordance with the requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment.

Also in accordance with the requirements of the Consultation Guidelines, Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest" are invited to register an interest in a process of community consultation with Evolution regarding the Modification by **5.00pm on Wednesday 22 March 2017**.

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

Please note that any opportunities for engagement during the Aboriginal Cultural Heritage Assessment process would be separate to the consultation process.

**Public Notices**

**Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment**  
Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).  
Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and Commonwealth *Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).  
The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.  
As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.  
Community consultation is an important part of this process. In accordance with the requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment.  
Also in accordance with the requirements of the Consultation Guidelines, Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest" are invited to register an interest in a process of community consultation with Evolution regarding the Modification by 5.00pm on Wednesday 22 March 2017.  
Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.  
Please note that any opportunities for engagement during the Aboriginal Cultural Heritage Assessment process would be separate to the consultation process.

**Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment**

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW Environmental Planning and Assessment Act, 1979 and Commonwealth Environment Protection and Biodiversity Conservation Act, 1999 for a proposed Modification to the CGO (the Modification). The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW National Parks and Wildlife Act, 1974 to move and/or destroy Aboriginal objects (or a variation to the existing permits [including 1468 and 1681] and consents [1467 and 1680]). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. In accordance with the requirements as set out in the Aboriginal cultural heritage consultation requirements for proponents 2010 (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment.

Also in accordance with the requirements of the Consultation Guidelines, Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest" are invited to register an interest in a process of community consultation with Evolution regarding the Modification by 5.00pm on Wednesday 22 March 2017.

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

Please note that any opportunities for engagement during the Aboriginal Cultural Heritage Assessment process would be separate to the consultation process.

### Cowal Gold Operations Processing Rate Modification

#### Aboriginal Cultural Heritage Assessment

Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and *Commonwealth Environment Protection and Biodiversity Conservation Act, 1999* for a proposed Modification to the CGO (the Modification).

The Modification would include construction and operation of new or expanded tailings storage facilities, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa and duplication of the existing water supply pipeline.

As part of the modification request, Evolution will be preparing an Aboriginal Cultural Heritage Assessment to identify ways to avoid or minimise potential harm to Aboriginal objects. Following both this Assessment and the community consultation process referred to below, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits (including 1468 and 1681) and consents (1467 and 1680). The subject area of the Modification and any such application is depicted as the "Area of Interest" as shown on the enclosed plan.

Community consultation is an important part of this process. In accordance with the requirements as set out in the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010) (Consultation Guidelines) issued by the NSW Office of Environment and Heritage, Evolution is required to conduct a community consultation process with relevant Aboriginal people to assist in the preparation of the Aboriginal Cultural Heritage Assessment.

Also in accordance with the requirements of the Consultation Guidelines, Aboriginal persons or groups who may hold cultural knowledge relevant to, or who have a right or interest in, determining the cultural heritage significance of Aboriginal objects and/or places in the "Area of Interest" are invited to register an interest in a process of community consultation with Evolution regarding the Modification by 5.00pm on **Wednesday 22 March 2017**.

Evolution advises that the details of any Aboriginal person or group who registers an interest in the Modification will be forwarded to the NSW Office of Environment and Heritage, the Condobolin Local Aboriginal Land Council and the West Wyalong Local Aboriginal Land Council in accordance with Section 4.1.5 of the Consultation Guidelines, unless they specify that they do not want their details released.

Please note that any opportunities for engagement during the Aboriginal Cultural Heritage Assessment process would be separate to the consultation process.

### MAINTENANCE ELECTRICIAN

Thula Enterprises requires an experienced Electrician that holds a Qualified Supervisor Certificate or Q endorsement.

Industrial experience would be desirable.

To apply for this position, please send your resume to:

[accounts@thulaenterprises.com](mailto:accounts@thulaenterprises.com) or for more information call 02 6964 9197.

We currently have a casual position available at **Riverina Grove** based on a minimum of 30hrs a week.

Duties include:

- End of line duties — Label machine operator, QC Checks, Record keeping
  - In and outward of goods
  - Packing orders and deliveries
  - Some heavy lifting
  - Must have fork lift ticket and car licence
- Resume to [paul@riverinagrove.com.au](mailto:paul@riverinagrove.com.au)

### GRIFFITH DENTAL SURGERY

Casual dental assistant required, at least 20 hours per week, must be flexible. Experience not essential, job training provided.

Please send your resume to:

Griffith Dental Surgery

4 Noorebar Ave, Griffith NSW 2680

Or by email at

[griffithdentmed@yahoo.com.au](mailto:griffithdentmed@yahoo.com.au)

For further details please contact us on

(02) 6962 3029.

Closes on 10<sup>th</sup> March.

## Hill's cool reaction to ice

PRIZED Australian Football League (AFL) Fremantle recruit Bradley Hill has revealed he had almost been forced to pull out of a pre-season practice match against West Coast after suffering an allergic reaction to an ice bath.

Hill, who has a history of reacting to the cold, swelled up and became red and itchy after forgetting to take an allergy tablet just before stepping into the bath.

The 23-year-old also suffered the reaction several times during his stint at Hawthorn, so he wasn't overly worried when it happened again.

"I normally take a Telfast tablet, which is like an

antihistamine, because I just have a bit of a reaction to cold temperatures," Hill said.

"I jumped in an ice bath before the game and blew up a little bit. I get a bit swollen, red and itchy.

"Then I just got a bit fatigued and didn't feel too great. But I've had it a fair few times so I'm not worried about it."

Hill booted two goals from 10 disposals in the 55-point loss in sweltering heat.

The speedy wingman refused to blame the allergic reaction for his quiet display, saying he simply didn't have his best day.

Hill played 95 games and won three premierships during his five-year stint at Hawthorn. — AAP

## Peachey an Origin bolter, says Johns

EIGHTH rugby league Immortal Andrew Johns has backed Phil Gould's calls for Tyrone Peachey to

be selected as a Blues bolter for this year's NSW side, calling him the new Craig Wing.

Just seven months after being dropped to reserve grade by Penrith coach Anthony Griffin, Peachey has emerged as a genuine proposition to make his State of Origin debut this year.

With Josh Mansour (knee) and Dallin Watene-Zelezniak (knee) missing the start of the National Rugby League (NRL) season, Wellington-born Peachey is set to start the season at centre.

While he enjoyed a breakout back-end to his campaign at centre last year, he has played all over the park since making his debut for Cronulla in 2013, including the back-row, hooker and five-eighth.

His utility value and speed out of dummy-half now shape as a potential X factor for NSW coach Laurie Daley.

Matt Moylan and Jack Bird are regarded as the leading contenders for the Blues utility position, but Johns said Peachey would add an attacking thrust the side hasn't

enjoyed since the retirement of super-sub Wing.

"I can see someone like Tyrone Peachey (playing the utility role)," Johns said.

"I don't think the Blues have had that impact out of dummy-half since Craig Wing."

In July last year, the 25-year-old was sent back to NSW Cup after showing up late to Panthers training following a night out in Cronulla.

Peachey described it as the kick up the backside he needed and has seemingly carried his outstanding form into 2017, judging by his sharp display for the Indigenous All Stars last month.

During the All Stars broadcast, Channel 9 commentator and Penrith supreme Gould advocated Peachey being blooded by NSW this year.

Former NSW skipper Johns said he would like to see Peachey being used alongside NSW No 9 Robbie Farah, predicting he was capable of cutting up Queensland's tiring forwards late in both halves.

"Origin football is not about set plays, it's about playing fast over the advantage line," Johns said.

"I think someone like Tyrone Peachey coming on when the Queenslanders are tired, he'd terrorise them." — AAP

### NOTICE TO GRANT MINING TENEMENTS NATIVE TITLE ACT 1993 (Cth) SECTION 29

The State of Western Australia HEREBY GIVES NOTICE that the Minister for Mines and Petroleum, C/- Department of Mines and Petroleum, 100 Plain Street, East Perth WA 6004 may grant the following tenement applications under the *Mining Act 1978*:

Tenement Type	No.	Applicant	Area	Locality	Centroid	Shire
Mining Lease	12/66	PREMIER COAL LIMITED	8.53HA	16km E'ly of Collie	Lat: 33° 23' S Long: 116° 18' E	COLLIE SHIRE
Mining Lease	15/1821	EVOLUTION MINING (MUNGARI) PTY LTD	535.02HA	18km NE'ly of Coolgardie	Lat: 30° 48' S Long: 121° 15' E	COOLGARDIE SHIRE
Mining Lease	15/1826	EVOLUTION MINING (MUNGARI) PTY LTD	1786.61HA	17km NE'ly of Coolgardie	Lat: 30° 52' S Long: 121° 19' E	COOLGARDIE SHIRE
Mining Lease	15/1831	EVOLUTION MINING (PHOENIX) PTY LTD	843.35HA	22km N'ly of Coolgardie	Lat: 30° 45' S Long: 121° 7' E	COOLGARDIE SHIRE
Mining Lease	24/959	METALIKO RESOURCES LTD	193.07HA	62km NW'ly of Kalgoorlie	Lat: 30° 14' S Long: 121° 13' E	KALGOORLIE-BOULDER CITY

**Nature of the act:** Grant of mining leases, which authorises the applicant to mine for minerals for a term of 21 years from notification of grant and a right of renewal for 21 years.

**Notification day:** 8 March 2017

**Native title parties:** Under section 30 of the *Native Title Act 1993 (Cth)*, persons have until 3 months after the notification day to take certain steps to become native title parties in relation to applications. The 3 month period closes on **8 June 2017**. Any person who is, or becomes a native title party, is entitled to the negotiation and/or procedural rights provided in Part 2 Division 3 Subdivision P of *Native Title Act 1993 (Cth)*. Enquiries in relation to filing a native title determination application to become a native title party should be directed to the Federal Court of Australia, 1 Victoria Avenue, Perth WA 6000, telephone (08) 9268 7100. The mining tenements may be granted if, by the end of the period of 4 months after the notification day (**i.e. 8 July 2017**), there is no native title party under section 30 of the *Native Title Act 1993 (Cth)* in relation to the area of the mining tenements.

For further information about the act (including extracts of plans showing the boundaries of the applications), contact the Department of Mines and Petroleum, 100 Plain Street, East Perth WA 6004, or telephone (08) 9222 3518.

### Franklin shows early promise

SUPERSTAR forward Lance Franklin showed encouraging signs in his first game back from shoulder surgery, as his Sydney side defeated local rivals Greater Western Sydney by 12 points in an Australian Football League (AFL) pre-season game on Friday.

Franklin kicked the first two goals of the game, including a set shot from close to 50 metres in a 8.6 (54) to 1.4.9 (42) victory for

the Swans in a rain-lashed affair at Blacktown.

Not confined to the Swans forward 50, Franklin moved well and also had an influence up the ground, finishing with 16 touches and three marks.

He laid a big shoulder bump on Tim Taranto, who immediately went to the bench.

However, the fact Franklin appeared to be pushed into Taranto by Giants ruckman Shane Mumford should ensure the Swans star won't have any post-match worries. — AAP

### SPORTS CLUB BOWLS

# Narrow defeat for Pennant team

The Sports Club Pennant side travelled to Weethalle on Sunday for the fourth round of the Pennant season.

Rink two saw Allan Schirmer (s), Ron Cooper, Stuart McDonald and Robert Forsyth playing Andrew Sinca (s), John Bulter, Rob McIntyre and Garry Lamount.

Weethalle won five of the first six ends to hold a commanding lead of 8-2.

The Sports Club boys kept plugging away to be five shots behind after 11 ends, 12-7.

By end 16 the Sports Club were only three shots in arrears trailing Weethalle 16-13.

Things didn't fall the right way for Schirmer and his mates as Weethalle pushed the point home winning four of the last five ends to take the match 26-14 to have the Sports Club on the back foot trailing by 12 shots.

Rink 4 was played between Tony Parkes (s), Lionel Fuller, Anthony Muller and John Parkes against Tim McKenzie (s), Quinton Evens, David Mathews and Boyd McKenzie.

The Weethalle side had the wood on the Sports Club boys winning four of the first five ends to lead 6-2.

Things didn't get any better for the Parkes led side to still be behind the Weethalle boys 9-4 after 10 ends.

The next three ends were good ones for the Sports Club with Parkes and his mates picking up seven shots to lead for the first time in the match, 11-9 after 13 ends.

The Sports Club still held the lead after 16 ends by 13-10 with five ends to play.

This is where things went wrong for Parkes and his mates as they couldn't buy a shot over the last five ends to watch McKenzie and crew race home to the tune of 24-13 to have the Sports Club 23 shots behind with one match to play.

This saw Cameron Sydenham (s), Bruce Widdows, Bill Hurst and Neville Reid taking on Frank Studholme (s), Arthur Jolly, Lindsay Hillier and Graham Reid.

Sydenham and crew got away to a steady start to lead 6-2 after four ends.

End 6 saw a big change come over the match with Weethalle picking up seven shots to race to a 9-7 lead.

The match was on an even note with the Sports Club leading 15-14 after 12 ends.

The Sports Club boys kept the pressure up to have the Weethalle boys under the pump to lead 23-14 after 16 ends.

With five ends to play the Sports Club boys kept their game rolling along to win four of the ends to take the match 35-15 to win by 20 shots, but unfortunately the Sports Club went down by three shots overall, 65-62 for Weethalle to score nine points to one.

Next Sunday the Sports Club side travels to Ungarie and the following players have been selected:

Allan Schirmer (s), Ron Cooper, Stuart McDonald and Robert Forsyth: Tony Parkes (s), Anthony Muller, John Parkes and Ron Kearns: Lionel Fuller (s), Bruce Widdows, Bill Hurst and Neville Reid.

Reserves are: Brian O'Reilly, Lloyd Doel, Alan Forsyth, Phil Smith.

A bus will be leaving the S&C Club at 9.15am for a 10.30 start.

Any player who is unavailable please phone Lionel Fuller on 0429 990 623.

Leeanne Hampton  
PO Box 332  
WEST WYALONG NSW 2671

Dear Leeanne

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION - ABORIGINAL CULTURAL HERITAGE ASSESSMENT PROPOSED METHODOLOGY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

**Proposed Methodology**

Please find enclosed for your review, a copy of the Proposed Methodology for the Aboriginal Cultural Heritage Assessment for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (New South Wales [NSW] Department of Environment, Climate Change and Water, 2010) issued by the NSW Office of Environment and Heritage, we have provided the Proposed Methodology for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the Proposed Methodology.

If you wish to provide input on the following, please provide feedback to Evolution (via the contact details provided at the end of this letter) by **5:00pm Wednesday 3 May 2017**:

- The nature of the Proposed Methodology.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

All comments received will be taken into consideration as the Methodology is finalised.

## Information Session

An information session with all Registered Aboriginal Parties, the consulting archaeologist and Evolution representatives will be held on **Wednesday 19 April 2017** to discuss the Modification and the Proposed Methodology. The information session will be held at the Condobolin RSL Club (24 McDonnell Street, Condobolin), and will commence at 12.30pm and conclude at approximately 3.00pm.

At the information session, Evolution will provide a presentation on the nature and scale of the Modification, an overview of the impact assessment process and will discuss the roles, functions and responsibilities of participants and protocols for the management of any sensitive cultural heritage information.

This information session will also provide Registered Aboriginal Parties with an opportunity to raise any cultural issues or comments/perspectives regarding the Modification or the Proposed Methodology. Note that issues can also be raised at any point during the consultation process.

Light refreshments and drinks will be provided.

Evolution will pay out of pocket travel expenses for Aboriginal representatives, from their home address to the meeting location and return (note that Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per Registered Aboriginal Party). Registered Aboriginal Parties seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank and/or the RAP prior to payment).

However, please note that Evolution will not be paying for attendance at the information session.

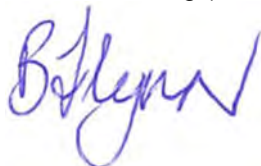

Can you please indicate whether you are interested in attending the information session by Wednesday 12 April 2017 via the contact details provided below.

## Contact Details

24 March 2017

Wiradjuri Interim Working Party  
Tony Amatto  
PO Box 73  
PEAK HILL NSW 2869

Dear Tony

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION - ABORIGINAL CULTURAL HERITAGE ASSESSMENT PROPOSED METHODOLOGY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

**Proposed Methodology**

Please find enclosed for your review, a copy of the Proposed Methodology for the Aboriginal Cultural Heritage Assessment for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (New South Wales [NSW] Department of Environment, Climate Change and Water, 2010) issued by the NSW Office of Environment and Heritage, we have provided the Proposed Methodology for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the Proposed Methodology.

If you wish to provide input on the following, please provide feedback to Evolution (via the contact details provided at the end of this letter) by **5:00pm Wednesday 3 May 2017**:

- The nature of the Proposed Methodology.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

All comments received will be taken into consideration as the Methodology is finalised.

## Information Session

An information session with all Registered Aboriginal Parties, the consulting archaeologist and Evolution representatives will be held on **Wednesday 19 April 2017** to discuss the Modification and the Proposed Methodology. The information session will be held at the Condobolin RSL Club (24 McDonnell Street, Condobolin), and will commence at 12.30pm and conclude at approximately 3.00pm.

At the information session, Evolution will provide a presentation on the nature and scale of the Modification, an overview of the impact assessment process and will discuss the roles, functions and responsibilities of participants and protocols for the management of any sensitive cultural heritage information.

This information session will also provide Registered Aboriginal Parties with an opportunity to raise any cultural issues or comments/perspectives regarding the Modification or the Proposed Methodology. Note that issues can also be raised at any point during the consultation process.

Light refreshments and drinks will be provided.

Evolution will pay out of pocket travel expenses for Aboriginal representatives, from their home address to the meeting location and return (note that Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per Registered Aboriginal Party). Registered Aboriginal Parties seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank and/or the RAP prior to payment).

However, please note that Evolution will not be paying for attendance at the information session.

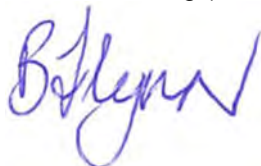

Can you please indicate whether you are interested in attending the information session by Wednesday 12 April 2017 via the contact details provided below.

## Contact Details

Dear Enid

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION - ABORIGINAL CULTURAL HERITAGE ASSESSMENT PROPOSED METHODOLOGY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

**Proposed Methodology**

Please find enclosed for your review, a copy of the Proposed Methodology for the Aboriginal Cultural Heritage Assessment for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (New South Wales [NSW] Department of Environment, Climate Change and Water, 2010) issued by the NSW Office of Environment and Heritage, we have provided the Proposed Methodology for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the Proposed Methodology.

If you wish to provide input on the following, please provide feedback to Evolution (via the contact details provided at the end of this letter) by **5:00pm Wednesday 3 May 2017**:

- The nature of the Proposed Methodology.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

All comments received will be taken into consideration as the Methodology is finalised.

## Information Session

An information session with all Registered Aboriginal Parties, the consulting archaeologist and Evolution representatives will be held on **Wednesday 19 April 2017** to discuss the Modification and the Proposed Methodology. The information session will be held at the Condobolin RSL Club (24 McDonnell Street, Condobolin), and will commence at 12.30pm and conclude at approximately 3.00pm.

At the information session, Evolution will provide a presentation on the nature and scale of the Modification, an overview of the impact assessment process and will discuss the roles, functions and responsibilities of participants and protocols for the management of any sensitive cultural heritage information.

This information session will also provide Registered Aboriginal Parties with an opportunity to raise any cultural issues or comments/perspectives regarding the Modification or the Proposed Methodology. Note that issues can also be raised at any point during the consultation process.

Light refreshments and drinks will be provided.

Evolution will pay out of pocket travel expenses for Aboriginal representatives, from their home address to the meeting location and return (note that Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per Registered Aboriginal Party). Registered Aboriginal Parties seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank and/or the RAP prior to payment).

However, please note that Evolution will not be paying for attendance at the information session.

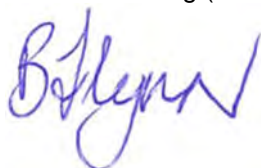

Can you please indicate whether you are interested in attending the information session by Wednesday 12 April 2017 via the contact details provided below.

YOUNG NSW 2594

Dear Norma

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION - ABORIGINAL CULTURAL HERITAGE ASSESSMENT PROPOSED METHODOLOGY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

**Proposed Methodology**

Please find enclosed for your review, a copy of the Proposed Methodology for the Aboriginal Cultural Heritage Assessment for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (New South Wales [NSW] Department of Environment, Climate Change and Water, 2010) issued by the NSW Office of Environment and Heritage, we have provided the Proposed Methodology for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the Proposed Methodology.

If you wish to provide input on the following, please provide feedback to Evolution (via the contact details provided at the end of this letter) by **5:00pm Wednesday 3 May 2017**:

- The nature of the Proposed Methodology.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

All comments received will be taken into consideration as the Methodology is finalised.

## Information Session

An information session with all Registered Aboriginal Parties, the consulting archaeologist and Evolution representatives will be held on **Wednesday 19 April 2017** to discuss the Modification and the Proposed Methodology. The information session will be held at the Condobolin RSL Club (24 McDonnell Street, Condobolin), and will commence at 12.30pm and conclude at approximately 3.00pm.

At the information session, Evolution will provide a presentation on the nature and scale of the Modification, an overview of the impact assessment process and will discuss the roles, functions and responsibilities of participants and protocols for the management of any sensitive cultural heritage information.

This information session will also provide Registered Aboriginal Parties with an opportunity to raise any cultural issues or comments/perspectives regarding the Modification or the Proposed Methodology. Note that issues can also be raised at any point during the consultation process.

Light refreshments and drinks will be provided.

Evolution will pay out of pocket travel expenses for Aboriginal representatives, from their home address to the meeting location and return (note that Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per Registered Aboriginal Party). Registered Aboriginal Parties seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank and/or the RAP prior to payment).

However, please note that Evolution will not be paying for attendance at the information session.

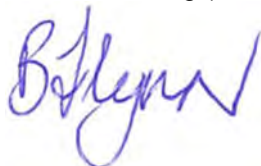

Can you please indicate whether you are interested in attending the information session by Wednesday 12 April 2017 via the contact details provided below.

## Contact Details

To provide any feedback with respect to the Proposed Methodology and/or to indicate your attendance at the information session, please contact Evolution via the following contact details:

Dear Jirrah

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION - ABORIGINAL CULTURAL HERITAGE ASSESSMENT PROPOSED METHODOLOGY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

**Proposed Methodology**

Please find enclosed for your review, a copy of the Proposed Methodology for the Aboriginal Cultural Heritage Assessment for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (New South Wales [NSW] Department of Environment, Climate Change and Water, 2010) issued by the NSW Office of Environment and Heritage, we have provided the Proposed Methodology for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the Proposed Methodology.

If you wish to provide input on the following, please provide feedback to Evolution (via the contact details provided at the end of this letter) by **5:00pm Wednesday 3 May 2017**:

- The nature of the Proposed Methodology.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

All comments received will be taken into consideration as the Methodology is finalised.

## Information Session

An information session with all Registered Aboriginal Parties, the consulting archaeologist and Evolution representatives will be held on **Wednesday 19 April 2017** to discuss the Modification and the Proposed Methodology. The information session will be held at the Condobolin RSL Club (24 McDonnell Street, Condobolin), and will commence at 12.30pm and conclude at approximately 3.00pm.

At the information session, Evolution will provide a presentation on the nature and scale of the Modification, an overview of the impact assessment process and will discuss the roles, functions and responsibilities of participants and protocols for the management of any sensitive cultural heritage information.

This information session will also provide Registered Aboriginal Parties with an opportunity to raise any cultural issues or comments/perspectives regarding the Modification or the Proposed Methodology. Note that issues can also be raised at any point during the consultation process.

Light refreshments and drinks will be provided.

Evolution will pay out of pocket travel expenses for Aboriginal representatives, from their home address to the meeting location and return (note that Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per Registered Aboriginal Party). Registered Aboriginal Parties seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank and/or the RAP prior to payment).

However, please note that Evolution will not be paying for attendance at the information session.

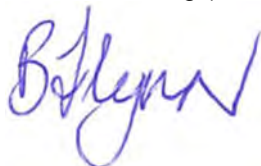

Can you please indicate whether you are interested in attending the information session by Wednesday 12 April 2017 via the contact details provided below.

Dear Rebecca

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION - ABORIGINAL CULTURAL HERITAGE ASSESSMENT PROPOSED METHODOLOGY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

**Proposed Methodology**

Please find enclosed for your review, a copy of the Proposed Methodology for the Aboriginal Cultural Heritage Assessment for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (New South Wales [NSW] Department of Environment, Climate Change and Water, 2010) issued by the NSW Office of Environment and Heritage, we have provided the Proposed Methodology for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the Proposed Methodology.

If you wish to provide input on the following, please provide feedback to Evolution (via the contact details provided at the end of this letter) by **5:00pm Wednesday 3 May 2017**:

- The nature of the Proposed Methodology.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

All comments received will be taken into consideration as the Methodology is finalised.

## Information Session

An information session with all Registered Aboriginal Parties, the consulting archaeologist and Evolution representatives will be held on **Wednesday 19 April 2017** to discuss the Modification and the Proposed Methodology. The information session will be held at the Condobolin RSL Club (24 McDonnell Street, Condobolin), and will commence at 12.30pm and conclude at approximately 3.00pm.

At the information session, Evolution will provide a presentation on the nature and scale of the Modification, an overview of the impact assessment process and will discuss the roles, functions and responsibilities of participants and protocols for the management of any sensitive cultural heritage information.

This information session will also provide Registered Aboriginal Parties with an opportunity to raise any cultural issues or comments/perspectives regarding the Modification or the Proposed Methodology. Note that issues can also be raised at any point during the consultation process.

Light refreshments and drinks will be provided.

Evolution will pay out of pocket travel expenses for Aboriginal representatives, from their home address to the meeting location and return (note that Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per Registered Aboriginal Party). Registered Aboriginal Parties seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank and/or the RAP prior to payment).

However, please note that Evolution will not be paying for attendance at the information session.

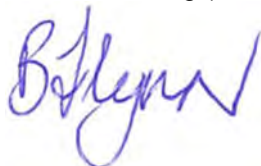

Can you please indicate whether you are interested in attending the information session by Wednesday 12 April 2017 via the contact details provided below.

ABORIGINAL CULTURAL HERITAGE ASSESSMENT PROPOSED METHODOLOGY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

**Proposed Methodology**

Please find enclosed for your review, a copy of the Proposed Methodology for the Aboriginal Cultural Heritage Assessment for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (New South Wales [NSW] Department of Environment, Climate Change and Water, 2010) issued by the NSW Office of Environment and Heritage, we have provided the Proposed Methodology for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the Proposed Methodology.

If you wish to provide input on the following, please provide feedback to Evolution (via the contact details provided at the end of this letter) by **5:00pm Wednesday 3 May 2017**:

- The nature of the Proposed Methodology.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

All comments received will be taken into consideration as the Methodology is finalised.

## Information Session

An information session with all Registered Aboriginal Parties, the consulting archaeologist and Evolution representatives will be held on **Wednesday 19 April 2017** to discuss the Modification and the Proposed Methodology. The information session will be held at the Condobolin RSL Club (24 McDonnell Street, Condobolin), and will commence at 12.30pm and conclude at approximately 3.00pm.

At the information session, Evolution will provide a presentation on the nature and scale of the Modification, an overview of the impact assessment process and will discuss the roles, functions and responsibilities of participants and protocols for the management of any sensitive cultural heritage information.

This information session will also provide Registered Aboriginal Parties with an opportunity to raise any cultural issues or comments/perspectives regarding the Modification or the Proposed Methodology. Note that issues can also be raised at any point during the consultation process.

Light refreshments and drinks will be provided.

Evolution will pay out of pocket travel expenses for Aboriginal representatives, from their home address to the meeting location and return (note that Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per Registered Aboriginal Party). Registered Aboriginal Parties seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank and/or the RAP prior to payment).

However, please note that Evolution will not be paying for attendance at the information session.

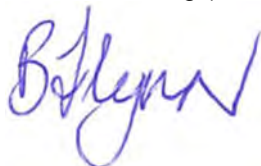

Can you please indicate whether you are interested in attending the information session by Wednesday 12 April 2017 via the contact details provided below.

Dear Krystal

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION - ABORIGINAL CULTURAL HERITAGE ASSESSMENT PROPOSED METHODOLOGY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

**Proposed Methodology**

Please find enclosed for your review, a copy of the Proposed Methodology for the Aboriginal Cultural Heritage Assessment for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (New South Wales [NSW] Department of Environment, Climate Change and Water, 2010) issued by the NSW Office of Environment and Heritage, we have provided the Proposed Methodology for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the Proposed Methodology.

If you wish to provide input on the following, please provide feedback to Evolution (via the contact details provided at the end of this letter) by **5:00pm Wednesday 3 May 2017**:

- The nature of the Proposed Methodology.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

All comments received will be taken into consideration as the Methodology is finalised.

## Information Session

An information session with all Registered Aboriginal Parties, the consulting archaeologist and Evolution representatives will be held on **Wednesday 19 April 2017** to discuss the Modification and the Proposed Methodology. The information session will be held at the Condobolin RSL Club (24 McDonnell Street, Condobolin), and will commence at 12.30pm and conclude at approximately 3.00pm.

At the information session, Evolution will provide a presentation on the nature and scale of the Modification, an overview of the impact assessment process and will discuss the roles, functions and responsibilities of participants and protocols for the management of any sensitive cultural heritage information.

This information session will also provide Registered Aboriginal Parties with an opportunity to raise any cultural issues or comments/perspectives regarding the Modification or the Proposed Methodology. Note that issues can also be raised at any point during the consultation process.

Light refreshments and drinks will be provided.

Evolution will pay out of pocket travel expenses for Aboriginal representatives, from their home address to the meeting location and return (note that Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per Registered Aboriginal Party). Registered Aboriginal Parties seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank and/or the RAP prior to payment).

However, please note that Evolution will not be paying for attendance at the information session.

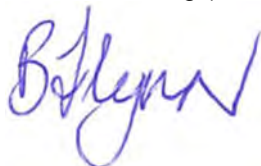

Can you please indicate whether you are interested in attending the information session by Wednesday 12 April 2017 via the contact details provided below.

As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

**Proposed Methodology**

Please find enclosed for your review, a copy of the Proposed Methodology for the Aboriginal Cultural Heritage Assessment for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (New South Wales [NSW] Department of Environment, Climate Change and Water, 2010) issued by the NSW Office of Environment and Heritage, we have provided the Proposed Methodology for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the Proposed Methodology.

If you wish to provide input on the following, please provide feedback to Evolution (via the contact details provided at the end of this letter) by **5:00pm Wednesday 3 May 2017**:

- The nature of the Proposed Methodology.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

All comments received will be taken into consideration as the Methodology is finalised.

## Information Session

An information session with all Registered Aboriginal Parties, the consulting archaeologist and Evolution representatives will be held on **Wednesday 19 April 2017** to discuss the Modification and the Proposed Methodology. The information session will be held at the Condobolin RSL Club (24 McDonnell Street, Condobolin), and will commence at 12.30pm and conclude at approximately 3.00pm.

At the information session, Evolution will provide a presentation on the nature and scale of the Modification, an overview of the impact assessment process and will discuss the roles, functions and responsibilities of participants and protocols for the management of any sensitive cultural heritage information.

This information session will also provide Registered Aboriginal Parties with an opportunity to raise any cultural issues or comments/perspectives regarding the Modification or the Proposed Methodology. Note that issues can also be raised at any point during the consultation process.

Light refreshments and drinks will be provided.

Evolution will pay out of pocket travel expenses for Aboriginal representatives, from their home address to the meeting location and return (note that Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per Registered Aboriginal Party). Registered Aboriginal Parties seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank and/or the RAP prior to payment).

However, please note that Evolution will not be paying for attendance at the information session.

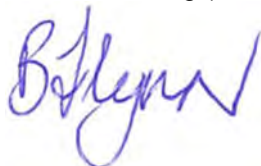

Can you please indicate whether you are interested in attending the information session by Wednesday 12 April 2017 via the contact details provided below.

## Contact Details

To provide any feedback with respect to the Proposed Methodology and/or to indicate your attendance at the information session, please contact Evolution via the following contact details:

Dear Braydon

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION - ABORIGINAL CULTURAL HERITAGE ASSESSMENT PROPOSED METHODOLOGY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

**Proposed Methodology**

Please find enclosed for your review, a copy of the Proposed Methodology for the Aboriginal Cultural Heritage Assessment for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (New South Wales [NSW] Department of Environment, Climate Change and Water, 2010) issued by the NSW Office of Environment and Heritage, we have provided the Proposed Methodology for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the Proposed Methodology.

If you wish to provide input on the following, please provide feedback to Evolution (via the contact details provided at the end of this letter) by **5:00pm Wednesday 3 May 2017**:

- The nature of the Proposed Methodology.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

All comments received will be taken into consideration as the Methodology is finalised.

## Information Session

An information session with all Registered Aboriginal Parties, the consulting archaeologist and Evolution representatives will be held on **Wednesday 19 April 2017** to discuss the Modification and the Proposed Methodology. The information session will be held at the Condobolin RSL Club (24 McDonnell Street, Condobolin), and will commence at 12.30pm and conclude at approximately 3.00pm.

At the information session, Evolution will provide a presentation on the nature and scale of the Modification, an overview of the impact assessment process and will discuss the roles, functions and responsibilities of participants and protocols for the management of any sensitive cultural heritage information.

This information session will also provide Registered Aboriginal Parties with an opportunity to raise any cultural issues or comments/perspectives regarding the Modification or the Proposed Methodology. Note that issues can also be raised at any point during the consultation process.

Light refreshments and drinks will be provided.

Evolution will pay out of pocket travel expenses for Aboriginal representatives, from their home address to the meeting location and return (note that Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per Registered Aboriginal Party). Registered Aboriginal Parties seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank and/or the RAP prior to payment).

However, please note that Evolution will not be paying for attendance at the information session.

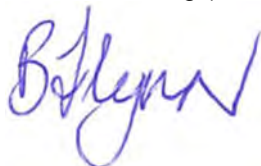

Can you please indicate whether you are interested in attending the information session by Wednesday 12 April 2017 via the contact details provided below.

West Wyalong Local Aboriginal Land Council  
C/- Leeanne Hampton  
PO Box 332  
WEST WYALONG NSW 2671

Dear Leeanne,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION– ABORIGINAL  
CULTURAL HERITAGE ASSESSMENT FIELD SURVEY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

This letter provides information on the following:

- Information session regarding the Modification and the Aboriginal Cultural Heritage Assessment (ACHA).
- Proposed Methodology Addendum.
- Fieldwork survey application form for engagement in the field surveys.
- Ongoing consultation.

**Information Session**

An information session with Registered Aboriginal Parties and Evolution representatives was held on Wednesday 17 May 2017 to discuss the Proposed Methodology and provide information about the Modification. The Information Session presentation is included for your reference as Enclosure A. If you have any queries regarding the Information Session presentation please contact Evolution via the contact details provided at the end of this correspondence.

**Proposed Methodology Addendum**

Since finalisation of the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), and following further detailed mine planning, Evolution has identified an additional area being investigated for the Modification.

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area. Accordingly, please find attached an addendum to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment*.

### **Fieldwork Survey Application Form**

As part of the ACHA for the Modification, Evolution will be facilitating a field survey of the Modification area, to allow representatives of the Registered Aboriginal Parties to inspect the area and any Aboriginal heritage sites which may be located within or in immediate proximity to the area.

Regardless of participation in the surveys, all Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following completion of the field surveys.

Please find enclosed the survey application form for completion and return by **5.00 pm Wednesday 14 June 2017**, for those Registered Aboriginal Parties who are seeking consideration for paid involvement in the field investigation associated with the Modification.

In order to be considered for paid involvement in the field surveys, Registered Aboriginal Parties will need to complete the attached Field Survey Application Form (Enclosure C) and provide it to Evolution by the closing date.

Aboriginal representatives will be selected by Evolution based upon the merits of the application with respect to the selection criteria, which are indicated by the questions in the application form. Applications will be assessed against all criteria including cultural knowledge of the investigation area, the representation of others within the community and experience in providing cultural heritage advice.

Where a response is not received by 5.00 pm Wednesday 14 June 2017, it will be assumed that you do not wish to seek consideration for paid involvement in the field investigation. Incomplete applications may not be accepted by Evolution. Please note that Evolution reserves the right to request any further information/clarification or supporting documentation from you in respect to your application.

Assistance in the completion of the application form can be provided to you upon request. Please use the contact details provided below.

Dates for the field survey are still being finalised, although it is expected to commence in June/July 2017. Further details will be provided to the successful applicants as soon as possible.

### **Ongoing Consultation**

It is noted that regardless of participation in the field investigation, Registered Aboriginal Parties will be consulted in accordance with the NSW Office of Environment and Heritage policy entitled *Aboriginal cultural heritage consultation requirements for proponents 2010* for the remainder of the investigation, which will include the provision of a copy of the draft ACHA report for review and comment.

All Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following the completion of the field surveys. During this inspection, attending Registered Aboriginal Parties can provide further details in relation to any submission that they have made as to the cultural significance of the study area and/or identified sites.

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area. Accordingly, please find attached an addendum to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment*.

### **Fieldwork Survey Application Form**

As part of the ACHA for the Modification, Evolution will be facilitating a field survey of the Modification area, to allow representatives of the Registered Aboriginal Parties to inspect the area and any Aboriginal heritage sites which may be located within or in immediate proximity to the area.

Regardless of participation in the surveys, all Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following completion of the field surveys.

Please find enclosed the survey application form for completion and return by **5.00 pm Wednesday 14 June 2017**, for those Registered Aboriginal Parties who are seeking consideration for paid involvement in the field investigation associated with the Modification.

In order to be considered for paid involvement in the field surveys, Registered Aboriginal Parties will need to complete the attached Field Survey Application Form (Enclosure C) and provide it to Evolution by the closing date.

Aboriginal representatives will be selected by Evolution based upon the merits of the application with respect to the selection criteria, which are indicated by the questions in the application form. Applications will be assessed against all criteria including cultural knowledge of the investigation area, the representation of others within the community and experience in providing cultural heritage advice.

Where a response is not received by 5.00 pm Wednesday 14 June 2017, it will be assumed that you do not wish to seek consideration for paid involvement in the field investigation. Incomplete applications may not be accepted by Evolution. Please note that Evolution reserves the right to request any further information/clarification or supporting documentation from you in respect to your application.

Assistance in the completion of the application form can be provided to you upon request. Please use the contact details provided below.

Dates for the field survey are still being finalised, although it is expected to commence in June/July 2017. Further details will be provided to the successful applicants as soon as possible.

### **Ongoing Consultation**

It is noted that regardless of participation in the field investigation, Registered Aboriginal Parties will be consulted in accordance with the NSW Office of Environment and Heritage policy entitled *Aboriginal cultural heritage consultation requirements for proponents 2010* for the remainder of the investigation, which will include the provision of a copy of the draft ACHA report for review and comment.

All Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following the completion of the field surveys. During this inspection, attending Registered Aboriginal Parties can provide further details in relation to any submission that they have made as to the cultural significance of the study area and/or identified sites.

Dear Stuart,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION– ABORIGINAL  
CULTURAL HERITAGE ASSESSMENT FIELD SURVEY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

This letter provides information on the following:

- Information session regarding the Modification and the Aboriginal Cultural Heritage Assessment (ACHA).
- Proposed Methodology Addendum.
- Fieldwork survey application form for engagement in the field surveys.
- Ongoing consultation.

**Information Session**

An information session with Registered Aboriginal Parties and Evolution representatives was held on Wednesday 17 May 2017 to discuss the Proposed Methodology and provide information about the Modification. The Information Session presentation is included for your reference as Enclosure A. If you have any queries regarding the Information Session presentation please contact Evolution via the contact details provided at the end of this correspondence.

**Proposed Methodology Addendum**

Since finalisation of the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), and following further detailed mine planning, Evolution has identified an additional area being investigated for the Modification.

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area. Accordingly, please find attached an addendum to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment*.

### **Fieldwork Survey Application Form**

As part of the ACHA for the Modification, Evolution will be facilitating a field survey of the Modification area, to allow representatives of the Registered Aboriginal Parties to inspect the area and any Aboriginal heritage sites which may be located within or in immediate proximity to the area.

Regardless of participation in the surveys, all Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following completion of the field surveys.

Please find enclosed the survey application form for completion and return by **5.00 pm Wednesday 14 June 2017**, for those Registered Aboriginal Parties who are seeking consideration for paid involvement in the field investigation associated with the Modification.

In order to be considered for paid involvement in the field surveys, Registered Aboriginal Parties will need to complete the attached Field Survey Application Form (Enclosure C) and provide it to Evolution by the closing date.

Aboriginal representatives will be selected by Evolution based upon the merits of the application with respect to the selection criteria, which are indicated by the questions in the application form. Applications will be assessed against all criteria including cultural knowledge of the investigation area, the representation of others within the community and experience in providing cultural heritage advice.

Where a response is not received by 5.00 pm Wednesday 14 June 2017, it will be assumed that you do not wish to seek consideration for paid involvement in the field investigation. Incomplete applications may not be accepted by Evolution. Please note that Evolution reserves the right to request any further information/clarification or supporting documentation from you in respect to your application.

As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

This letter provides information on the following:

- Information session regarding the Modification and the Aboriginal Cultural Heritage Assessment (ACHA).
- Proposed Methodology Addendum.
- Fieldwork survey application form for engagement in the field surveys.
- Ongoing consultation.

**Information Session**

An information session with Registered Aboriginal Parties and Evolution representatives was held on Wednesday 17 May 2017 to discuss the Proposed Methodology and provide information about the Modification. The Information Session presentation is included for your reference as Enclosure A. If you have any queries regarding the Information Session presentation please contact Evolution via the contact details provided at the end of this correspondence.

**Proposed Methodology Addendum**

Since finalisation of the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), and following further detailed mine planning, Evolution has identified an additional area being investigated for the Modification.

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area. Accordingly, please find attached an addendum to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment*.

### **Fieldwork Survey Application Form**

As part of the ACHA for the Modification, Evolution will be facilitating a field survey of the Modification area, to allow representatives of the Registered Aboriginal Parties to inspect the area and any Aboriginal heritage sites which may be located within or in immediate proximity to the area.

Regardless of participation in the surveys, all Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following completion of the field surveys.

Please find enclosed the survey application form for completion and return by **5.00 pm Wednesday 14 June 2017**, for those Registered Aboriginal Parties who are seeking consideration for paid involvement in the field investigation associated with the Modification.

In order to be considered for paid involvement in the field surveys, Registered Aboriginal Parties will need to complete the attached Field Survey Application Form (Enclosure C) and provide it to Evolution by the closing date.

Aboriginal representatives will be selected by Evolution based upon the merits of the application with respect to the selection criteria, which are indicated by the questions in the application form. Applications will be assessed against all criteria including cultural knowledge of the investigation area, the representation of others within the community and experience in providing cultural heritage advice.

Where a response is not received by 5.00 pm Wednesday 14 June 2017, it will be assumed that you do not wish to seek consideration for paid involvement in the field investigation. Incomplete applications may not be accepted by Evolution. Please note that Evolution reserves the right to request any further information/clarification or supporting documentation from you in respect to your application.

Assistance in the completion of the application form can be provided to you upon request. Please use the contact details provided below.

Dates for the field survey are still being finalised, although it is expected to commence in June/July 2017. Further details will be provided to the successful applicants as soon as possible.

### **Ongoing Consultation**

It is noted that regardless of participation in the field investigation, Registered Aboriginal Parties will be consulted in accordance with the NSW Office of Environment and Heritage policy entitled *Aboriginal cultural heritage consultation requirements for proponents 2010* for the remainder of the investigation, which will include the provision of a copy of the draft ACHA report for review and comment.

All Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following the completion of the field surveys. During this inspection, attending Registered Aboriginal Parties can provide further details in relation to any submission that they have made as to the cultural significance of the study area and/or identified sites.

## Contact Details

Dear Keith,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION– ABORIGINAL  
CULTURAL HERITAGE ASSESSMENT FIELD SURVEY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

This letter provides information on the following:

- Information session regarding the Modification and the Aboriginal Cultural Heritage Assessment (ACHA).
- Proposed Methodology Addendum.
- Fieldwork survey application form for engagement in the field surveys.
- Ongoing consultation.

**Information Session**

An information session with Registered Aboriginal Parties and Evolution representatives was held on Wednesday 17 May 2017 to discuss the Proposed Methodology and provide information about the Modification. The Information Session presentation is included for your reference as Enclosure A. If you have any queries regarding the Information Session presentation please contact Evolution via the contact details provided at the end of this correspondence.

**Proposed Methodology Addendum**

Since finalisation of the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), and following further detailed mine planning, Evolution has identified an additional area being investigated for the Modification.

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area. Accordingly, please find attached an addendum to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment*.

### **Fieldwork Survey Application Form**

As part of the ACHA for the Modification, Evolution will be facilitating a field survey of the Modification area, to allow representatives of the Registered Aboriginal Parties to inspect the area and any Aboriginal heritage sites which may be located within or in immediate proximity to the area.

Regardless of participation in the surveys, all Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following completion of the field surveys.

Please find enclosed the survey application form for completion and return by **5.00 pm Wednesday 14 June 2017**, for those Registered Aboriginal Parties who are seeking consideration for paid involvement in the field investigation associated with the Modification.

In order to be considered for paid involvement in the field surveys, Registered Aboriginal Parties will need to complete the attached Field Survey Application Form (Enclosure C) and provide it to Evolution by the closing date.

Aboriginal representatives will be selected by Evolution based upon the merits of the application with respect to the selection criteria, which are indicated by the questions in the application form. Applications will be assessed against all criteria including cultural knowledge of the investigation area, the representation of others within the community and experience in providing cultural heritage advice.

Where a response is not received by 5.00 pm Wednesday 14 June 2017, it will be assumed that you do not wish to seek consideration for paid involvement in the field investigation. Incomplete applications may not be accepted by Evolution. Please note that Evolution reserves the right to request any further information/clarification or supporting documentation from you in respect to your application.

Assistance in the completion of the application form can be provided to you upon request. Please use the contact details provided below.

Dates for the field survey are still being finalised, although it is expected to commence in June/July 2017. Further details will be provided to the successful applicants as soon as possible.

### **Ongoing Consultation**

It is noted that regardless of participation in the field investigation, Registered Aboriginal Parties will be consulted in accordance with the NSW Office of Environment and Heritage policy entitled *Aboriginal cultural heritage consultation requirements for proponents 2010* for the remainder of the investigation, which will include the provision of a copy of the draft ACHA report for review and comment.

All Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following the completion of the field surveys. During this inspection, attending Registered Aboriginal Parties can provide further details in relation to any submission that they have made as to the cultural significance of the study area and/or identified sites.

29 May 2017

Judy Johnson  
C/- Isabelle Collins  
5 MacQueen Place  
CHARNWOOD ACT 2615

Dear Judy,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION– ABORIGINAL  
CULTURAL HERITAGE ASSESSMENT FIELD SURVEY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

This letter provides information on the following:

- Information session regarding the Modification and the Aboriginal Cultural Heritage Assessment (ACHA).
- Proposed Methodology Addendum.
- Fieldwork survey application form for engagement in the field surveys.
- Ongoing consultation.

**Information Session**

An information session with Registered Aboriginal Parties and Evolution representatives was held on Wednesday 17 May 2017 to discuss the Proposed Methodology and provide information about the Modification. The Information Session presentation is included for your reference as Enclosure A. If you have any queries regarding the Information Session presentation please contact Evolution via the contact details provided at the end of this correspondence.

**Proposed Methodology Addendum**

Since finalisation of the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), and following further detailed mine planning, Evolution has identified an additional area being investigated for the Modification.

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area. Accordingly, please find attached an addendum to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment*.

### **Fieldwork Survey Application Form**

As part of the ACHA for the Modification, Evolution will be facilitating a field survey of the Modification area, to allow representatives of the Registered Aboriginal Parties to inspect the area and any Aboriginal heritage sites which may be located within or in immediate proximity to the area.

Regardless of participation in the surveys, all Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following completion of the field surveys.

Please find enclosed the survey application form for completion and return by **5.00 pm Wednesday 14 June 2017**, for those Registered Aboriginal Parties who are seeking consideration for paid involvement in the field investigation associated with the Modification.

In order to be considered for paid involvement in the field surveys, Registered Aboriginal Parties will need to complete the attached Field Survey Application Form (Enclosure C) and provide it to Evolution by the closing date.

Aboriginal representatives will be selected by Evolution based upon the merits of the application with respect to the selection criteria, which are indicated by the questions in the application form. Applications will be assessed against all criteria including cultural knowledge of the investigation area, the representation of others within the community and experience in providing cultural heritage advice.

Where a response is not received by 5.00 pm Wednesday 14 June 2017, it will be assumed that you do not wish to seek consideration for paid involvement in the field investigation. Incomplete applications may not be accepted by Evolution. Please note that Evolution reserves the right to request any further information/clarification or supporting documentation from you in respect to your application.

Assistance in the completion of the application form can be provided to you upon request. Please use the contact details provided below.

Dates for the field survey are still being finalised, although it is expected to commence in June/July 2017. Further details will be provided to the successful applicants as soon as possible.

### **Ongoing Consultation**

It is noted that regardless of participation in the field investigation, Registered Aboriginal Parties will be consulted in accordance with the NSW Office of Environment and Heritage policy entitled *Aboriginal cultural heritage consultation requirements for proponents 2010* for the remainder of the investigation, which will include the provision of a copy of the draft ACHA report for review and comment.

All Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following the completion of the field surveys. During this inspection, attending Registered Aboriginal Parties can provide further details in relation to any submission that they have made as to the cultural significance of the study area and/or identified sites.

## Contact Details

Responses to the fieldwork selection criteria can be provided to Evolution via the following contact details:

Dear Peter,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION– ABORIGINAL CULTURAL HERITAGE ASSESSMENT FIELD SURVEY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

This letter provides information on the following:

- Information session regarding the Modification and the Aboriginal Cultural Heritage Assessment (ACHA).
- Proposed Methodology Addendum.
- Fieldwork survey application form for engagement in the field surveys.
- Ongoing consultation.

**Information Session**

An information session with Registered Aboriginal Parties and Evolution representatives was held on Wednesday 17 May 2017 to discuss the Proposed Methodology and provide information about the Modification. The Information Session presentation is included for your reference as Enclosure A. If you have any queries regarding the Information Session presentation please contact Evolution via the contact details provided at the end of this correspondence.

**Proposed Methodology Addendum**

Since finalisation of the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), and following further detailed mine planning, Evolution has identified an additional area being investigated for the Modification.

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area. Accordingly, please find attached an addendum to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment*.

### **Fieldwork Survey Application Form**

As part of the ACHA for the Modification, Evolution will be facilitating a field survey of the Modification area, to allow representatives of the Registered Aboriginal Parties to inspect the area and any Aboriginal heritage sites which may be located within or in immediate proximity to the area.

Regardless of participation in the surveys, all Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following completion of the field surveys.

Please find enclosed the survey application form for completion and return by **5.00 pm Wednesday 14 June 2017**, for those Registered Aboriginal Parties who are seeking consideration for paid involvement in the field investigation associated with the Modification.

In order to be considered for paid involvement in the field surveys, Registered Aboriginal Parties will need to complete the attached Field Survey Application Form (Enclosure C) and provide it to Evolution by the closing date.

Aboriginal representatives will be selected by Evolution based upon the merits of the application with respect to the selection criteria, which are indicated by the questions in the application form. Applications will be assessed against all criteria including cultural knowledge of the investigation area, the representation of others within the community and experience in providing cultural heritage advice.

Where a response is not received by 5.00 pm Wednesday 14 June 2017, it will be assumed that you do not wish to seek consideration for paid involvement in the field investigation. Incomplete applications may not be accepted by Evolution. Please note that Evolution reserves the right to request any further information/clarification or supporting documentation from you in respect to your application.

Assistance in the completion of the application form can be provided to you upon request. Please use the contact details provided below.

Dates for the field survey are still being finalised, although it is expected to commence in June/July 2017. Further details will be provided to the successful applicants as soon as possible.

### **Ongoing Consultation**

It is noted that regardless of participation in the field investigation, Registered Aboriginal Parties will be consulted in accordance with the NSW Office of Environment and Heritage policy entitled *Aboriginal cultural heritage consultation requirements for proponents 2010* for the remainder of the investigation, which will include the provision of a copy of the draft ACHA report for review and comment.

All Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following the completion of the field surveys. During this inspection, attending Registered Aboriginal Parties can provide further details in relation to any submission that they have made as to the cultural significance of the study area and/or identified sites.

Calara Culture & Heritage Aboriginal Corporation  
C/- Janine Richards

Via email: [calarachac@gmail.com](mailto:calarachac@gmail.com)

Dear Janine,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION– ABORIGINAL CULTURAL HERITAGE ASSESSMENT FIELD SURVEY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

This letter provides information on the following:

- Information session regarding the Modification and the Aboriginal Cultural Heritage Assessment (ACHA).
- Proposed Methodology Addendum.
- Fieldwork survey application form for engagement in the field surveys.
- Ongoing consultation.

**Information Session**

An information session with Registered Aboriginal Parties and Evolution representatives was held on Wednesday 17 May 2017 to discuss the Proposed Methodology and provide information about the Modification. The Information Session presentation is included for your reference as Enclosure A. If you have any queries regarding the Information Session presentation please contact Evolution via the contact details provided at the end of this correspondence.

**Proposed Methodology Addendum**

Since finalisation of the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), and following further detailed mine planning, Evolution has identified an additional area being investigated for the Modification.

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area. Accordingly, please find attached an addendum to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment*.

### **Fieldwork Survey Application Form**

As part of the ACHA for the Modification, Evolution will be facilitating a field survey of the Modification area, to allow representatives of the Registered Aboriginal Parties to inspect the area and any Aboriginal heritage sites which may be located within or in immediate proximity to the area.

Regardless of participation in the surveys, all Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following completion of the field surveys.

Please find enclosed the survey application form for completion and return by **5.00 pm Wednesday 14 June 2017**, for those Registered Aboriginal Parties who are seeking consideration for paid involvement in the field investigation associated with the Modification.

In order to be considered for paid involvement in the field surveys, Registered Aboriginal Parties will need to complete the attached Field Survey Application Form (Enclosure C) and provide it to Evolution by the closing date.

Aboriginal representatives will be selected by Evolution based upon the merits of the application with respect to the selection criteria, which are indicated by the questions in the application form. Applications will be assessed against all criteria including cultural knowledge of the investigation area, the representation of others within the community and experience in providing cultural heritage advice.

Where a response is not received by 5.00 pm Wednesday 14 June 2017, it will be assumed that you do not wish to seek consideration for paid involvement in the field investigation. Incomplete applications may not be accepted by Evolution. Please note that Evolution reserves the right to request any further information/clarification or supporting documentation from you in respect to your application.

Assistance in the completion of the application form can be provided to you upon request. Please use the contact details provided below.

Dates for the field survey are still being finalised, although it is expected to commence in June/July 2017. Further details will be provided to the successful applicants as soon as possible.

### **Ongoing Consultation**

It is noted that regardless of participation in the field investigation, Registered Aboriginal Parties will be consulted in accordance with the NSW Office of Environment and Heritage policy entitled *Aboriginal cultural heritage consultation requirements for proponents 2010* for the remainder of the investigation, which will include the provision of a copy of the draft ACHA report for review and comment.

All Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following the completion of the field surveys. During this inspection, attending Registered Aboriginal Parties can provide further details in relation to any submission that they have made as to the cultural significance of the study area and/or identified sites.

Louise Davis

Via email: [louise.davis28@hotmail.com](mailto:louise.davis28@hotmail.com)

Dear Louise,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION– ABORIGINAL CULTURAL HERITAGE ASSESSMENT FIELD SURVEY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

This letter provides information on the following:

- Information session regarding the Modification and the Aboriginal Cultural Heritage Assessment (ACHA).
- Proposed Methodology Addendum.
- Fieldwork survey application form for engagement in the field surveys.
- Ongoing consultation.

**Information Session**

An information session with Registered Aboriginal Parties and Evolution representatives was held on Wednesday 17 May 2017 to discuss the Proposed Methodology and provide information about the Modification. The Information Session presentation is included for your reference as Enclosure A. If you have any queries regarding the Information Session presentation please contact Evolution via the contact details provided at the end of this correspondence.

**Proposed Methodology Addendum**

Since finalisation of the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), and following further detailed mine planning, Evolution has identified an additional area being investigated for the Modification.

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area. Accordingly, please find attached an addendum to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment*.

### **Fieldwork Survey Application Form**

As part of the ACHA for the Modification, Evolution will be facilitating a field survey of the Modification area, to allow representatives of the Registered Aboriginal Parties to inspect the area and any Aboriginal heritage sites which may be located within or in immediate proximity to the area.

Regardless of participation in the surveys, all Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following completion of the field surveys.

Please find enclosed the survey application form for completion and return by **5.00 pm Wednesday 14 June 2017**, for those Registered Aboriginal Parties who are seeking consideration for paid involvement in the field investigation associated with the Modification.

In order to be considered for paid involvement in the field surveys, Registered Aboriginal Parties will need to complete the attached Field Survey Application Form (Enclosure C) and provide it to Evolution by the closing date.

Aboriginal representatives will be selected by Evolution based upon the merits of the application with respect to the selection criteria, which are indicated by the questions in the application form. Applications will be assessed against all criteria including cultural knowledge of the investigation area, the representation of others within the community and experience in providing cultural heritage advice.

Where a response is not received by 5.00 pm Wednesday 14 June 2017, it will be assumed that you do not wish to seek consideration for paid involvement in the field investigation. Incomplete applications may not be accepted by Evolution. Please note that Evolution reserves the right to request any further information/clarification or supporting documentation from you in respect to your application.

Assistance in the completion of the application form can be provided to you upon request. Please use the contact details provided below.

Dates for the field survey are still being finalised, although it is expected to commence in June/July 2017. Further details will be provided to the successful applicants as soon as possible.

### **Ongoing Consultation**

It is noted that regardless of participation in the field investigation, Registered Aboriginal Parties will be consulted in accordance with the NSW Office of Environment and Heritage policy entitled *Aboriginal cultural heritage consultation requirements for proponents 2010* for the remainder of the investigation, which will include the provision of a copy of the draft ACHA report for review and comment.

All Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following the completion of the field surveys. During this inspection, attending Registered Aboriginal Parties can provide further details in relation to any submission that they have made as to the cultural significance of the study area and/or identified sites.

## Contact Details

Responses to the fieldwork selection criteria can be provided to Evolution via the following contact details:

29 May 2017

Braydon & Mikayla Davis  
180 Railway Road  
WEST WYALONG NSW 2671

Dear Braydon & Mikayla,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION– ABORIGINAL  
CULTURAL HERITAGE ASSESSMENT FIELD SURVEY**

Thank you for registering an interest in the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Limited (Evolution) is the owner and operator of the Cowal Gold Operations (CGO), located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

This letter provides information on the following:

- Information session regarding the Modification and the Aboriginal Cultural Heritage Assessment (ACHA).
- Proposed Methodology Addendum.
- Fieldwork survey application form for engagement in the field surveys.
- Ongoing consultation.

**Information Session**

An information session with Registered Aboriginal Parties and Evolution representatives was held on Wednesday 17 May 2017 to discuss the Proposed Methodology and provide information about the Modification. The Information Session presentation is included for your reference as Enclosure A. If you have any queries regarding the Information Session presentation please contact Evolution via the contact details provided at the end of this correspondence.

**Proposed Methodology Addendum**

Since finalisation of the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), and following further detailed mine planning, Evolution has identified an additional area being investigated for the Modification.

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area. Accordingly, please find attached an addendum to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment*.

### **Fieldwork Survey Application Form**

As part of the ACHA for the Modification, Evolution will be facilitating a field survey of the Modification area, to allow representatives of the Registered Aboriginal Parties to inspect the area and any Aboriginal heritage sites which may be located within or in immediate proximity to the area.

Regardless of participation in the surveys, all Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following completion of the field surveys.

Please find enclosed the survey application form for completion and return by **5.00 pm Wednesday 14 June 2017**, for those Registered Aboriginal Parties who are seeking consideration for paid involvement in the field investigation associated with the Modification.

In order to be considered for paid involvement in the field surveys, Registered Aboriginal Parties will need to complete the attached Field Survey Application Form (Enclosure C) and provide it to Evolution by the closing date.

Aboriginal representatives will be selected by Evolution based upon the merits of the application with respect to the selection criteria, which are indicated by the questions in the application form. Applications will be assessed against all criteria including cultural knowledge of the investigation area, the representation of others within the community and experience in providing cultural heritage advice.

Where a response is not received by 5.00 pm Wednesday 14 June 2017, it will be assumed that you do not wish to seek consideration for paid involvement in the field investigation. Incomplete applications may not be accepted by Evolution. Please note that Evolution reserves the right to request any further information/clarification or supporting documentation from you in respect to your application.

Assistance in the completion of the application form can be provided to you upon request. Please use the contact details provided below.

Dates for the field survey are still being finalised, although it is expected to commence in June/July 2017. Further details will be provided to the successful applicants as soon as possible.

### **Ongoing Consultation**

It is noted that regardless of participation in the field investigation, Registered Aboriginal Parties will be consulted in accordance with the NSW Office of Environment and Heritage policy entitled *Aboriginal cultural heritage consultation requirements for proponents 2010* for the remainder of the investigation, which will include the provision of a copy of the draft ACHA report for review and comment.

All Registered Aboriginal Parties will be invited by Evolution to attend a site inspection of the investigation area and a selection of the recorded sites following the completion of the field surveys. During this inspection, attending Registered Aboriginal Parties can provide further details in relation to any submission that they have made as to the cultural significance of the study area and/or identified sites.

**FIELD SURVEY  
APPLICATION FORM**

## FIELD SURVEY ENGAGEMENT APPLICATION FORM

If you wish to be considered for paid participation in the field survey, please address the following criteria which will be used to determine field survey engagement.

1. Are you a member of a Native Title group?

Yes                       No

If yes, please provide further details:

---

---

2. Are you a member of any of the following Local Aboriginal Land Councils (LALCs)?

West Wyalong LALC       Condobolin LALC

3. Do you have any specific cultural knowledge of the investigation area or of any Aboriginal place(s) or object(s) within it?

Yes                       No

If yes, please provide further details:

---

---

---

4. How many adult members does your Registered Aboriginal Party represent?

---

5. Please provide documented verification of your response to Question 4 (above) (e.g. please list all adult members).

---

---

---

6. How many years of experience does each of your proposed fieldworker(s) have in Aboriginal cultural heritage surveys? Please provide the corresponding name and projects previously involved in.

---

---

---

---

---

7. Does your proposed fieldworker(s) have any specialist skills or knowledge which might assist in the investigation?

Yes             No

If yes, please specify:

---

---

---

8. Is your proposed fieldworker(s) 'fit for duty', including the ability to survey various terrains, all day in various weather conditions?

Yes             No

*(Please note that Evolution may require a medical certificate if Evolution considers that an individual may not be fit for work).*

9. Are your proposed fieldworker(s) willing to undertake compulsory alcohol testing and random drug testing (including the provision of mouth swabs and urine samples) at their induction and/or at any time during the field survey?

Yes             No

10. Do you hold the following Certificates of Currency (if yes, please attach them to your application):

Public Liability     Workers Compensation

*(Please note that registered groups will need to provide Certificates of Currency for both public liability and workers compensation. Registered individuals will only need to provide a Certificate of Currency for public liability).*

16 February 2018

West Wyalong Local Aboriginal Land Council  
c/- Leeanne Hampton  
PO Box 332  
WEST WYALONG NSW 2671

Dear Leeanne,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION  
DRAFT ABORIGINAL CULTURAL HERITAGE ASSESSMENT**

You are currently registered for the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Ltd (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

***Draft Aboriginal Cultural Heritage Assessment***

Please find enclosed, a copy of the draft Aboriginal Cultural Heritage Assessment (ACHA) for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010), we have provided the draft ACHA for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the draft ACHA.

If you wish to provide input on any of the following items, please make a submission to Evolution by **5.00 pm Wednesday 21 March 2018** (via the contact details provided below):

- Identification of issues.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

***Information Session***

As part of the review process for the draft ACHA, Evolution would like to offer all Registered Aboriginal Parties (RAPs) the opportunity to attend an information session regarding the findings of the draft ACHA as well as an associated site inspection.

The purpose of the information session is to discuss the key findings of the draft ACHA report and to provide an opportunity for RAPs to discuss, ask questions and/or provide comment on the draft ACHA, particularly the cultural significance and proposed management measures. Note that issues can be raised at any point during the consultation process. Representatives from the consulting archaeologists and Evolution will be in attendance at the information session.

In addition to the information session, Evolution would also like to offer all RAPs the opportunity to attend a site inspection to view portions of the Study Area.

**The information session and site inspection will be held on Thursday 8 March 2018 at the Lake Cowal Conservation Centre (Wamboyne Rd, Lake Cowal). The information session will commence at 12.00 pm sharp (and will conclude by approximately 4.00pm).**

Lunch and drinks will be provided.

Evolution will pay out of pocket travel expenses for RAPs, from their home address to the CGO and return (Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per day). RAPs seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank required prior to payment - e.g. statement clearly showing account details).

However, please note that Evolution will not be paying for attendance at the information session.

To assist with catering and logistics, can you please indicate whether you are interested in attending the information session by 5.00pm Thursday 1 March 2018 via the contact details provided below. Also, please advise of any specific dietary requirements you may require.

***Information Session***

As part of the review process for the draft ACHA, Evolution would like to offer all Registered Aboriginal Parties (RAPs) the opportunity to attend an information session regarding the findings of the draft ACHA as well as an associated site inspection.

The purpose of the information session is to discuss the key findings of the draft ACHA report and to provide an opportunity for RAPs to discuss, ask questions and/or provide comment on the draft ACHA, particularly the cultural significance and proposed management measures. Note that issues can be raised at any point during the consultation process. Representatives from the consulting archaeologists and Evolution will be in attendance at the information session.

In addition to the information session, Evolution would also like to offer all RAPs the opportunity to attend a site inspection to view portions of the Study Area.

**The information session and site inspection will be held on Thursday 8 March 2018 at the Lake Cowal Conservation Centre (Wamboyne Rd, Lake Cowal). The information session will commence at 12.00 pm sharp (and will conclude by approximately 4.00pm).**

Lunch and drinks will be provided.

Evolution will pay out of pocket travel expenses for RAPs, from their home address to the CGO and return (Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per day). RAPs seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank required prior to payment - e.g. statement clearly showing account details).

However, please note that Evolution will not be paying for attendance at the information session.

To assist with catering and logistics, can you please indicate whether you are interested in attending the information session by 5.00pm Thursday 1 March 2018 via the contact details provided below. Also, please advise of any specific dietary requirements you may require.

Stuart Cutmore  
8 Nelson Street  
COWRA NSW 2794

Dear Stuart,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION  
DRAFT ABORIGINAL CULTURAL HERITAGE ASSESSMENT**

You are currently registered for the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Ltd (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

***Draft Aboriginal Cultural Heritage Assessment***

Please find enclosed, a copy of the draft Aboriginal Cultural Heritage Assessment (ACHA) for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010), we have provided the draft ACHA for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the draft ACHA.

If you wish to provide input on any of the following items, please make a submission to Evolution by **5.00 pm Wednesday 21 March 2018** (via the contact details provided below):

- Identification of issues.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

***Information Session***

As part of the review process for the draft ACHA, Evolution would like to offer all Registered Aboriginal Parties (RAPs) the opportunity to attend an information session regarding the findings of the draft ACHA as well as an associated site inspection.

The purpose of the information session is to discuss the key findings of the draft ACHA report and to provide an opportunity for RAPs to discuss, ask questions and/or provide comment on the draft ACHA, particularly the cultural significance and proposed management measures. Note that issues can be raised at any point during the consultation process. Representatives from the consulting archaeologists and Evolution will be in attendance at the information session.

In addition to the information session, Evolution would also like to offer all RAPs the opportunity to attend a site inspection to view portions of the Study Area.

**The information session and site inspection will be held on Thursday 8 March 2018 at the Lake Cowal Conservation Centre (Wamboyne Rd, Lake Cowal). The information session will commence at 12.00 pm sharp (and will conclude by approximately 4.00pm).**

Lunch and drinks will be provided.

Evolution will pay out of pocket travel expenses for RAPs, from their home address to the CGO and return (Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per day). RAPs seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank required prior to payment - e.g. statement clearly showing account details).

However, please note that Evolution will not be paying for attendance at the information session.

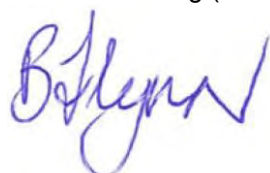

To assist with catering and logistics, can you please indicate whether you are interested in attending the information session by 5.00pm Thursday 1 March 2018 via the contact details provided below. Also, please advise of any specific dietary requirements you may require.

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION  
DRAFT ABORIGINAL CULTURAL HERITAGE ASSESSMENT**

You are currently registered for the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Ltd (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

***Draft Aboriginal Cultural Heritage Assessment***

Please find enclosed, a copy of the draft Aboriginal Cultural Heritage Assessment (ACHA) for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010), we have provided the draft ACHA for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the draft ACHA.

If you wish to provide input on any of the following items, please make a submission to Evolution by **5.00 pm Wednesday 21 March 2018** (via the contact details provided below):

- Identification of issues.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

***Information Session***

As part of the review process for the draft ACHA, Evolution would like to offer all Registered Aboriginal Parties (RAPs) the opportunity to attend an information session regarding the findings of the draft ACHA as well as an associated site inspection.

The purpose of the information session is to discuss the key findings of the draft ACHA report and to provide an opportunity for RAPs to discuss, ask questions and/or provide comment on the draft ACHA, particularly the cultural significance and proposed management measures. Note that issues can be raised at any point during the consultation process. Representatives from the consulting archaeologists and Evolution will be in attendance at the information session.

In addition to the information session, Evolution would also like to offer all RAPs the opportunity to attend a site inspection to view portions of the Study Area.

**The information session and site inspection will be held on Thursday 8 March 2018 at the Lake Cowal Conservation Centre (Wamboyne Rd, Lake Cowal). The information session will commence at 12.00 pm sharp (and will conclude by approximately 4.00pm).**

Lunch and drinks will be provided.

Evolution will pay out of pocket travel expenses for RAPs, from their home address to the CGO and return (Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per day). RAPs seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank required prior to payment - e.g. statement clearly showing account details).

However, please note that Evolution will not be paying for attendance at the information session.

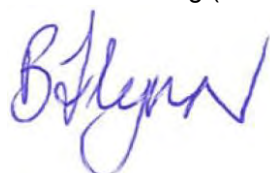

To assist with catering and logistics, can you please indicate whether you are interested in attending the information session by 5.00pm Thursday 1 March 2018 via the contact details provided below. Also, please advise of any specific dietary requirements you may require.

Janine Thompson  
2 Bunker Place  
CHARNWOOD ACT 2615

Dear Janine,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION  
DRAFT ABORIGINAL CULTURAL HERITAGE ASSESSMENT**

You are currently registered for the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Ltd (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

***Draft Aboriginal Cultural Heritage Assessment***

Please find enclosed, a copy of the draft Aboriginal Cultural Heritage Assessment (ACHA) for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010), we have provided the draft ACHA for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the draft ACHA.

If you wish to provide input on any of the following items, please make a submission to Evolution by **5.00 pm Wednesday 21 March 2018** (via the contact details provided below):

- Identification of issues.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

***Information Session***

As part of the review process for the draft ACHA, Evolution would like to offer all Registered Aboriginal Parties (RAPs) the opportunity to attend an information session regarding the findings of the draft ACHA as well as an associated site inspection.

The purpose of the information session is to discuss the key findings of the draft ACHA report and to provide an opportunity for RAPs to discuss, ask questions and/or provide comment on the draft ACHA, particularly the cultural significance and proposed management measures. Note that issues can be raised at any point during the consultation process. Representatives from the consulting archaeologists and Evolution will be in attendance at the information session.

In addition to the information session, Evolution would also like to offer all RAPs the opportunity to attend a site inspection to view portions of the Study Area.

**The information session and site inspection will be held on Thursday 8 March 2018 at the Lake Cowal Conservation Centre (Wamboyne Rd, Lake Cowal). The information session will commence at 12.00 pm sharp (and will conclude by approximately 4.00pm).**

Lunch and drinks will be provided.

Evolution will pay out of pocket travel expenses for RAPs, from their home address to the CGO and return (Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per day). RAPs seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank required prior to payment - e.g. statement clearly showing account details).

However, please note that Evolution will not be paying for attendance at the information session.

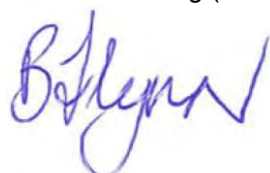

To assist with catering and logistics, can you please indicate whether you are interested in attending the information session by 5.00pm Thursday 1 March 2018 via the contact details provided below. Also, please advise of any specific dietary requirements you may require.

DRAFT ABORIGINAL CULTURAL HERITAGE ASSESSMENT**

You are currently registered for the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Ltd (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

***Draft Aboriginal Cultural Heritage Assessment***

Please find enclosed, a copy of the draft Aboriginal Cultural Heritage Assessment (ACHA) for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010), we have provided the draft ACHA for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the draft ACHA.

If you wish to provide input on any of the following items, please make a submission to Evolution by **5.00 pm Wednesday 21 March 2018** (via the contact details provided below):

- Identification of issues.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

***Information Session***

As part of the review process for the draft ACHA, Evolution would like to offer all Registered Aboriginal Parties (RAPs) the opportunity to attend an information session regarding the findings of the draft ACHA as well as an associated site inspection.

The purpose of the information session is to discuss the key findings of the draft ACHA report and to provide an opportunity for RAPs to discuss, ask questions and/or provide comment on the draft ACHA, particularly the cultural significance and proposed management measures. Note that issues can be raised at any point during the consultation process. Representatives from the consulting archaeologists and Evolution will be in attendance at the information session.

In addition to the information session, Evolution would also like to offer all RAPs the opportunity to attend a site inspection to view portions of the Study Area.

**The information session and site inspection will be held on Thursday 8 March 2018 at the Lake Cowal Conservation Centre (Wamboyne Rd, Lake Cowal). The information session will commence at 12.00 pm sharp (and will conclude by approximately 4.00pm).**

Lunch and drinks will be provided.

Evolution will pay out of pocket travel expenses for RAPs, from their home address to the CGO and return (Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per day). RAPs seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank required prior to payment - e.g. statement clearly showing account details).

However, please note that Evolution will not be paying for attendance at the information session.

To assist with catering and logistics, can you please indicate whether you are interested in attending the information session by 5.00pm Thursday 1 March 2018 via the contact details provided below. Also, please advise of any specific dietary requirements you may require.

16 February 2018

Alona Apps  
11 Malbacino Road  
YOUNG NSW 2594

Dear Alona,

**RE: COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION  
DRAFT ABORIGINAL CULTURAL HERITAGE ASSESSMENT**

You are currently registered for the Aboriginal consultation process for the Cowal Gold Operations (CGO) Processing Rate Modification (the Modification). As you are aware, Evolution Mining (Cowal) Pty Ltd (Evolution) is the owner and operator of the CGO, located approximately 38 kilometres north-east of West Wyalong in New South Wales (NSW).

***Draft Aboriginal Cultural Heritage Assessment***

Please find enclosed, a copy of the draft Aboriginal Cultural Heritage Assessment (ACHA) for the Modification.

In accordance with the *Aboriginal cultural heritage consultation requirements for proponents 2010* (NSW Department of Environment, Climate Change and Water, 2010), we have provided the draft ACHA for your review and feedback. Your feedback may include the identification of issues or areas of cultural significance that may be used to affect, inform or refine the draft ACHA.

If you wish to provide input on any of the following items, please make a submission to Evolution by **5.00 pm Wednesday 21 March 2018** (via the contact details provided below):

- Identification of issues.
- Any Aboriginal objects or places of cultural value within the investigation area, or issues of cultural significance, that you are aware of.
- Any restrictions or protocols you may consider necessary in relation to any information of sensitivity that you may provide.
- Any other factors you consider to be relevant to the heritage assessment.

***Information Session***

As part of the review process for the draft ACHA, Evolution would like to offer all Registered Aboriginal Parties (RAPs) the opportunity to attend an information session regarding the findings of the draft ACHA as well as an associated site inspection.

The purpose of the information session is to discuss the key findings of the draft ACHA report and to provide an opportunity for RAPs to discuss, ask questions and/or provide comment on the draft ACHA, particularly the cultural significance and proposed management measures. Note that issues can be raised at any point during the consultation process. Representatives from the consulting archaeologists and Evolution will be in attendance at the information session.

In addition to the information session, Evolution would also like to offer all RAPs the opportunity to attend a site inspection to view portions of the Study Area.

**The information session and site inspection will be held on Thursday 8 March 2018 at the Lake Cowal Conservation Centre (Wamboyne Rd, Lake Cowal). The information session will commence at 12.00 pm sharp (and will conclude by approximately 4.00pm).**

Lunch and drinks will be provided.

Evolution will pay out of pocket travel expenses for RAPs, from their home address to the CGO and return (Evolution will pay 75 cents per kilometre, up to a maximum of \$300 per day). RAPs seeking to claim the payment will need to provide proof of transport and sign a payment declaration form.

Evolution will arrange for payment to be made via direct deposit after the meeting. Bank account details must be supplied to Evolution (with confirmation of details from the bank required prior to payment - e.g. statement clearly showing account details).

However, please note that Evolution will not be paying for attendance at the information session.

To assist with catering and logistics, can you please indicate whether you are interested in attending the information session by 5.00pm Thursday 1 March 2018 via the contact details provided below. Also, please advise of any specific dietary requirements you may require.

## 1 INTRODUCTION

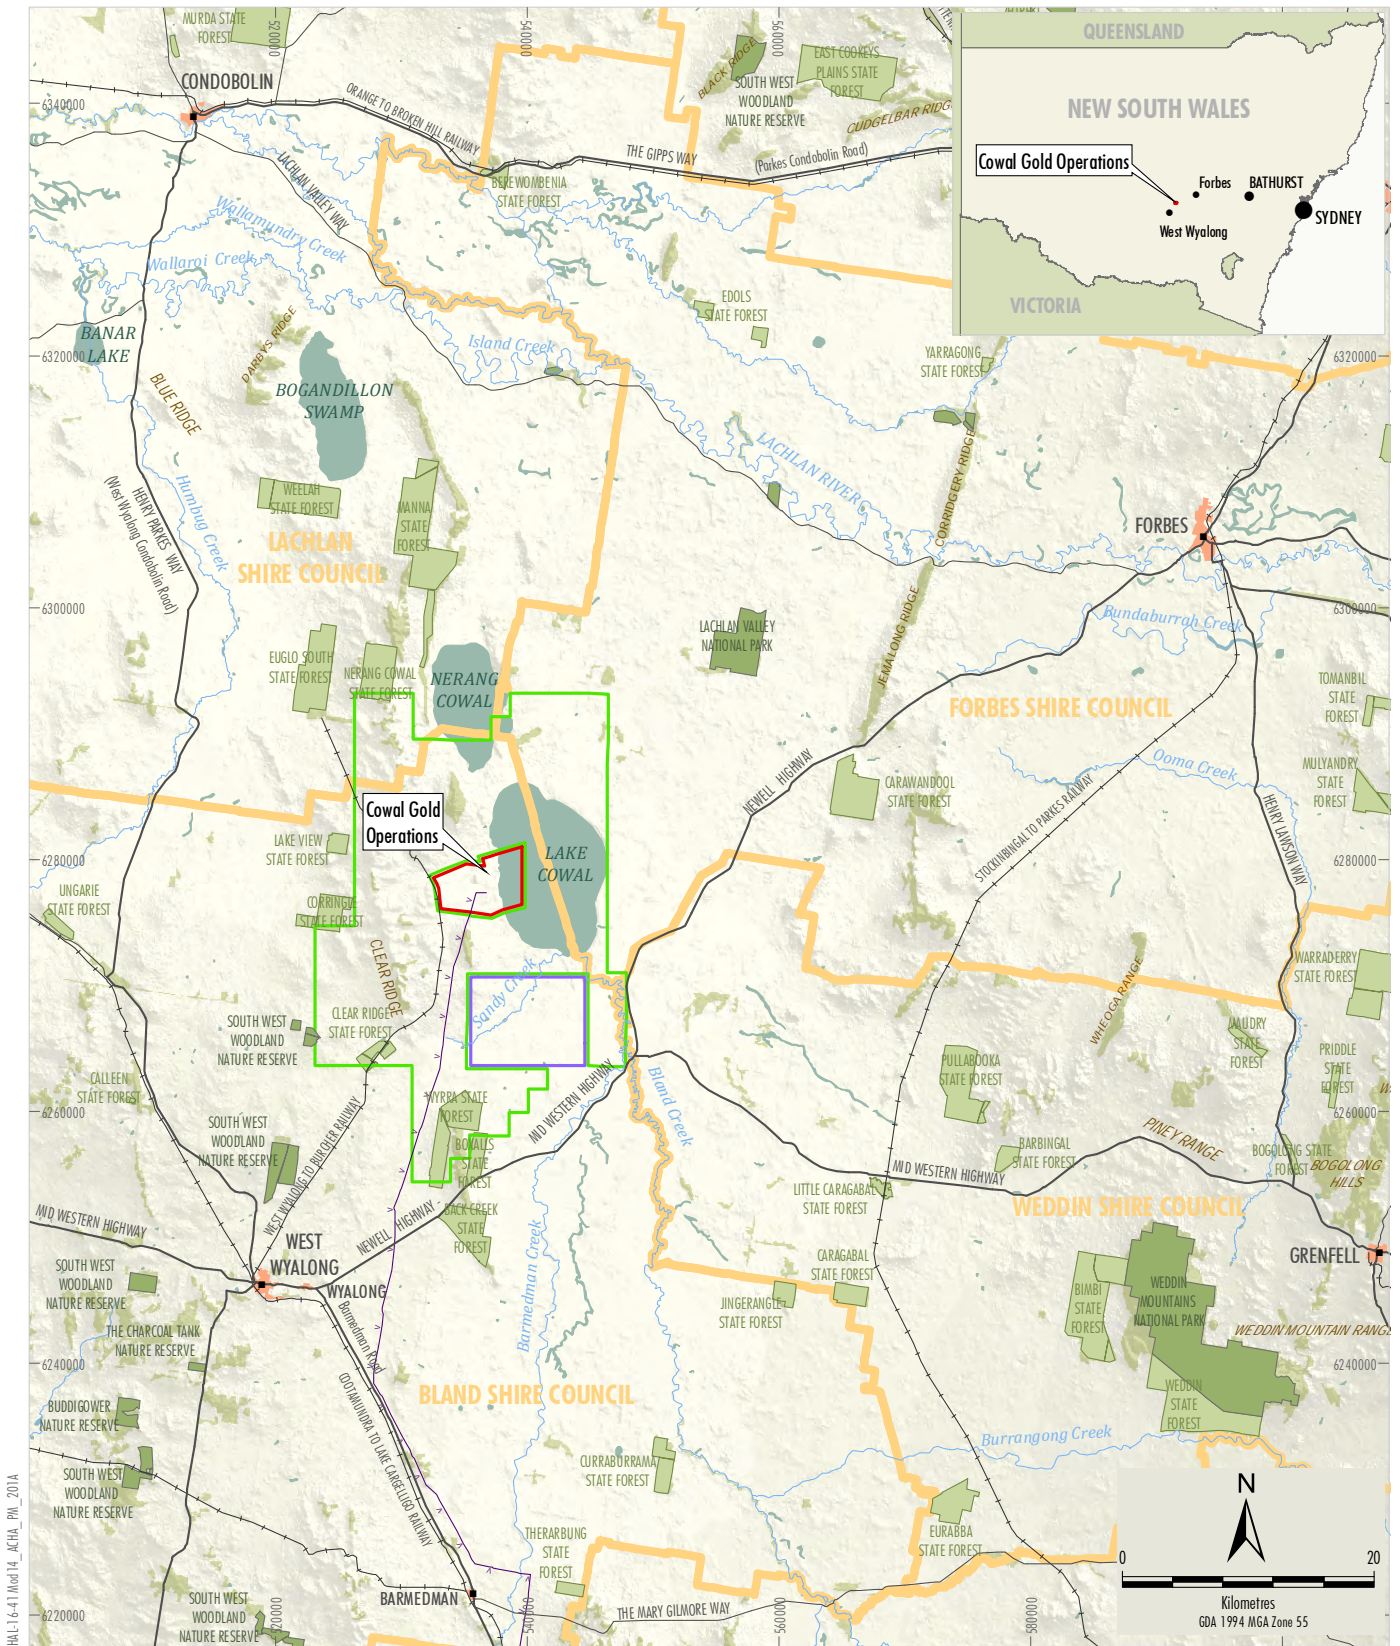

The Cowal Gold Operations (CGO) is located approximately 38 kilometres north-east of West Wyalong, New South Wales (NSW) (Figure 1). The CGO has been operating since 2005 and Evolution Mining (Cowal) Pty Limited (Evolution) is the owner/operator of the CGO.

Aboriginal cultural heritage is defined as consisting of places and items that are of significance to Aboriginal people because of their traditions, observances, lore, customs, beliefs and history. Activities that impact the landscape may affect Aboriginal cultural heritage (NSW Department of Environment, Climate Change and Water [DECCW]; 2010a).

This document presents a Proposed Methodology for the Aboriginal Cultural Heritage Assessment (ACHA) for the CGO Processing Rate Modification (the Modification). Further information on the Modification is provided in Section 3.

The Proposed Methodology has been designed to conform to the relevant requirements of various regulatory and advisory documents and guidelines. These guidelines and documents include (but are not limited to):

- *Draft Guidelines for Aboriginal Cultural Heritage Impact Assessment and Community Consultation* (NSW Department of Environment and Conservation [DEC], 2005), for assessing potential impacts on Aboriginal cultural heritage for development applications assessed under Part 3A of the *Environmental Planning and Assessment Act, 1979*.
- *Aboriginal cultural heritage consultation requirements for proponents 2010 (Part 6 National Parks and Wildlife Act, 1974) (Consultation Guidelines)* (DECCW, 2010a).
- *Code of Practice for Archaeological Investigation of Aboriginal Objects in New South Wales* (DECCW, 2010b).
- The Australia ICOMOS *Burra Charter* (Australia ICOMOS, 2013).
- *Aboriginal Cultural Heritage: Standards and Guidelines Kit* (NSW National Parks and Wildlife Service, 1997).
- *Ask First: A guide to Respecting Indigenous Heritage Places and Values* (Australian Heritage Commission, 2002).
- Clause 80C of the *NSW National Parks and Wildlife Regulation, 2009*.
- *Due Diligence Code of Practice for the Protection of Aboriginal Objects in New South Wales* (DECCW, 2010c).
- *Guide to investigating, assessing and reporting on Aboriginal cultural heritage in NSW* (NSW Office of Environment and Heritage [OEH], 2011).
- *NSW National Parks and Wildlife Act, 1974: Part 6 Approvals – Interim Community Consultation Requirements for Applicants* (DEC, 2004).
- *NSW Minerals Industry Due Diligence Code of Practice for the Protection of Aboriginal Objects* (NSW Minerals Council, 2010).
- *Engage Early – Guidance for proponents on best practice Indigenous engagement for environmental assessments under the Environment Protection and Biodiversity Conservation Act 1999 (EPBC Act)* (Department of the Environment, 2016).

Regional Location

**Figure 1**

The remainder of this document is structured as follows:

- Section 2: Provides an overview of the existing CGO.
- Section 3: Provides a description of the Modification.
- Section 4: Outlines the objectives of Aboriginal community consultation.
- Section 5: Describes the consultation steps undertaken to date for the Modification.
- Section 6: Provides an overview of previous Aboriginal heritage surveys, investigations and management measures undertaken at the CGO.
- Section 7: Provides a description of the proposed cultural heritage assessment methodology.
- Section 8: Describes the proposed archaeological assessment methodology.
- Section 9: Provides an overview of the proposed content of the ACHA report.
- Section 10: Provides a summary of the critical timeframes relevant to the ACHA.

## 2 EXISTING COWAL GOLD OPERATIONS

Development Consent for the CGO and the mine water supply pipeline was granted by the NSW Minister for Urban Affairs and Planning on 26 February 1999 (DA 14/98). The area of land to which the Development Consent (DA 14/98) is relevant includes that underlying Mining Lease (ML) 1535 and the CGO's water supply pipeline and Bland Creek Paleochannel Borefield.

The CGO operates 24 hours per day, seven days per week. Open pit mining operations at the CGO are supported by on-site facilities including water management infrastructure/storages, a process plant and tailings storage facilities (TSFs). Mine waste rock from the open pit is hauled to waste rock emplacements. Ore mined from the open pit is hauled directly to the primary crusher (adjacent to the process plant), run-of-mine pads or low grade ore stockpiles prior to processing. Mineralised material is also separately stockpiled for future processing.

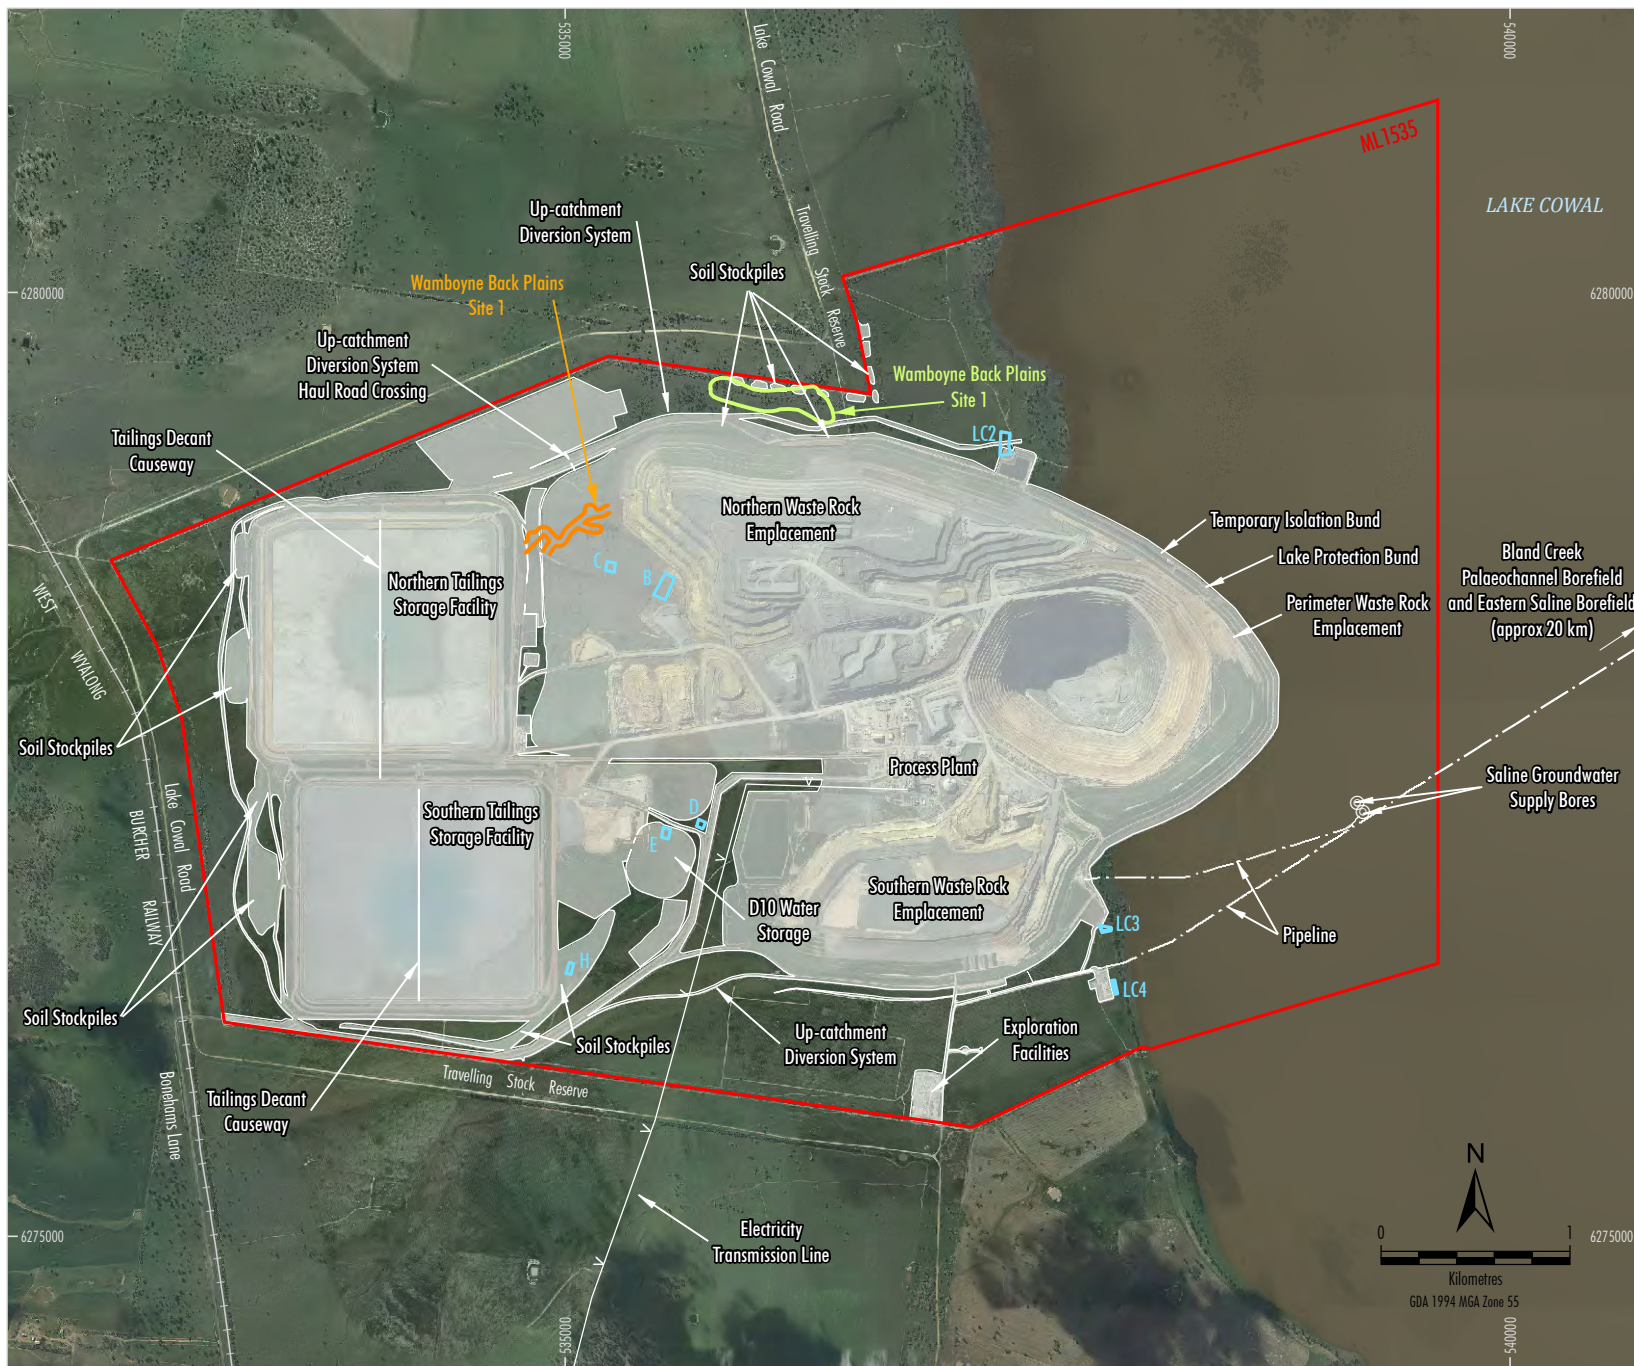

Gold is extracted from ore using a conventional carbon-in-leach cyanide leaching circuit in the process plant. Tailings are pumped from the process plant via a pipeline to the TSFs. The gold product is recovered and poured as gold bars or doré.

A general arrangement of the CGO is provided in Figures 2 and 3.

Modification 13 to the CGO was approved on 7 February 2017 and involves continued operations at the CGO within ML 1535 for an additional 8 years (i.e. increasing the mine life to 2032 to allow an additional 1.7 million ounces [Moz]) of gold production (i.e. a total of approximately 5.5 Moz over the life of the modified CGO).

Environmental management at the approved CGO is undertaken in accordance with a range of approved environmental management plans, procedures and environmental monitoring programmes including the Indigenous Archaeology and Cultural Heritage Management Plan originally prepared in October 2003.

in the Vicinity of the CGO

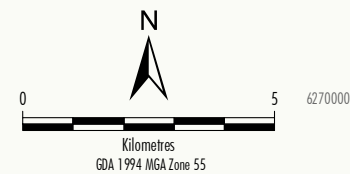

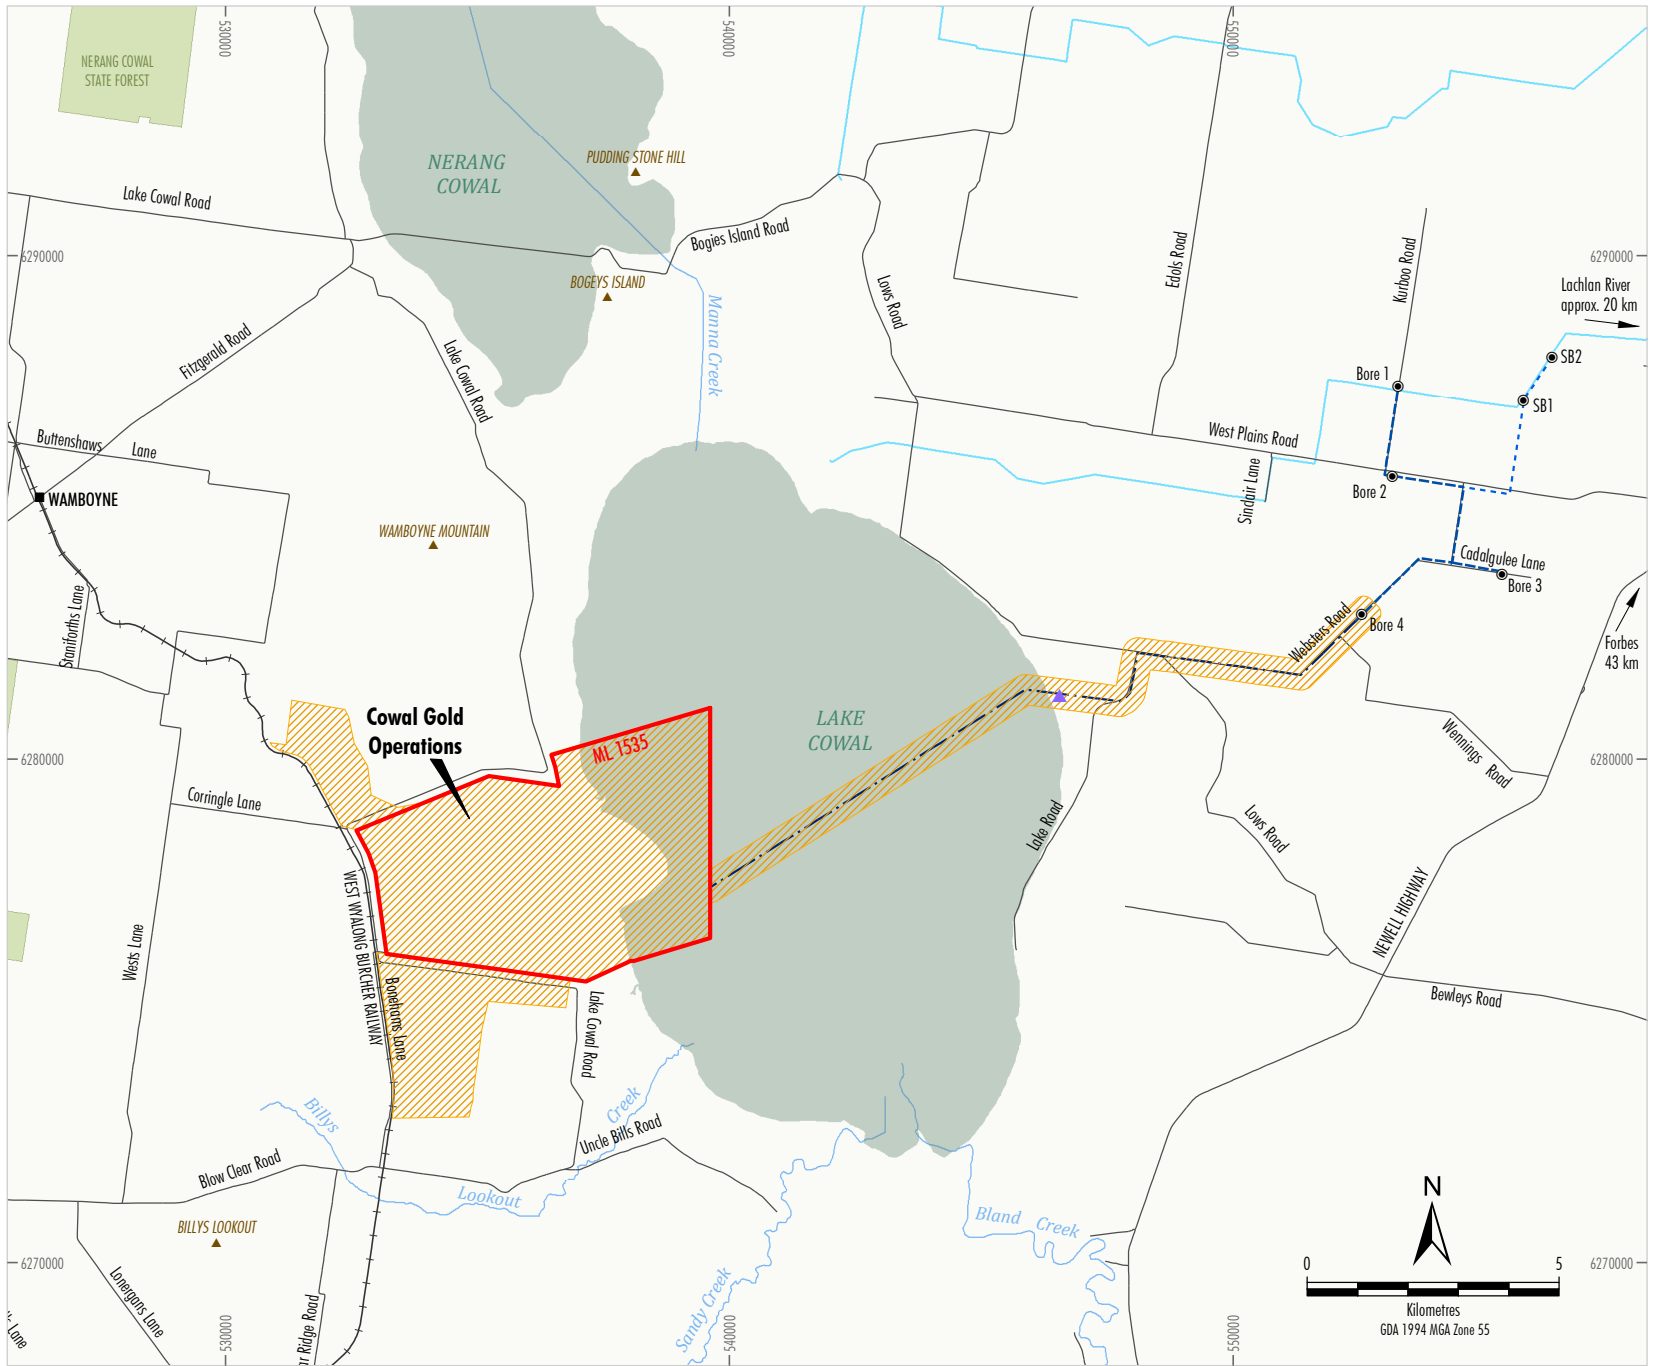

Figure 3

### 3 SUMMARY OF THE MODIFICATION

Evolution is seeking environmental approvals under the NSW *Environmental Planning and Assessment Act, 1979* and EPBC Act for a proposed Modification to the CGO.

The Modification would include construction and operation of new or expanded TSFs, increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.5 Mtpa, and duplication of the existing water supply pipeline. The indicative Modification area is presented on Figure 4.

As part of the modification request, Evolution will be preparing an ACHA to identify ways to avoid or minimise potential harm to Aboriginal objects (including appropriate management and mitigation measures). Following both this assessment and the community consultation process described in the following sections, Evolution may seek a new Aboriginal Heritage Impact Permit (AHIP) under section 90 of the NSW *National Parks and Wildlife Act, 1974* to move and/or destroy Aboriginal objects (or a variation to the existing permits [including AHIPS 1468 and 1681, and consents 1467 and 1680]).

#### **4 OBJECTIVES OF ABORIGINAL COMMUNITY CONSULTATION**

The objective of community consultation is for Aboriginal people to have the opportunity to improve assessment outcomes by (DECCW, 2010a):

- providing relevant information about the cultural significance and values of the Aboriginal object(s) and/or place(s);
- influencing the design of the method to assess cultural and scientific significance of Aboriginal object(s) and/or place(s);
- actively contributing to the development of cultural heritage management options and recommendations for any Aboriginal object(s) and/or place(s) within the proposed Modification area; and
- commenting on the draft assessment report.

## 5 CONSULTATION TO DATE

A summary of the Aboriginal community consultation undertaken for the Modification to date is outlined below.

In accordance with Section 4.1.2 of the Consultation Guidelines (DECCW, 2010a), the following organisations were provided with project notifications, including the request for names of Aboriginal persons or groups who may hold cultural knowledge of, or have a right or interest in determining the cultural heritage significance of any Aboriginal objects and/or places and/or Aboriginal cultural heritage values in the Modification area:

- Bland Shire Council;
- Central West Local Land Services;
- Condobolin Local Aboriginal Land Council;
- Forbes Shire Council;
- The National Native Title Tribunal;
- Native Title Services Corporation Limited;
- Office of Environment and Heritage, Dubbo;
- The Registrar, *Aboriginal Land Rights Act, 1983*; and
- West Wyalong Local Aboriginal Land Council.

Evolution provided written notification of the Modification to the Aboriginal stakeholders identified by the organisations listed above. These stakeholders were invited to register an interest in the community consultation process regarding the ACHA for the Modification.

A large number of Aboriginal stakeholders have been previously consulted at the CGO (e.g. in relation to previous notifications, ongoing heritage management etc.). All of these stakeholders were sent a letter on 8 March 2017 to advise them of the Modification and to notify them that they had been automatically registered for the consultation process associated with the Modification.

In addition to the above-described written notifications, a public notice was placed in the following local newspapers seeking registrations from any additional interested Aboriginal stakeholders:

- Forbes Advocate (7 March 2017);
- West Wyalong Advocate (7 March 2017);
- Condobolin Argus (8 March 2017);
- Daily Liberal (8 March 2017);
- Daily Advertiser (8 March 2017);
- The Koori Mail (8 March 2017); and
- The Griffith Area News (8 March 2017).

## 6 PREVIOUS ARCHAEOLOGICAL SURVEYS, INVESTIGATIONS AND MANAGEMENT WORKS

A number of archaeological surveys and assessments have been conducted in the vicinity of the approved CGO including:

- Paton (1989) – *Preliminary Archaeological Inspection of Lake Cowal Mining Exploration Lease*.
- Huys and Johnston (1995) – *An Archaeological Survey of Areas between Forbes and Lake Cowal*.
- Cane (1995a) – *Camp Sites at Lake Cowal: An Archaeological Survey in Central NSW*.
- Cane (1995b) – *Camp Sites at Lake Cowal: A Supplementary Report*.
- Nicholson (1997) – *An archaeological survey of a proposed transmission line between Temora and Lake Cowal*.
- Pardoe (2009a) – *Archaeological Investigations at Lake Cowal. Report prepared for Barrick Gold of Australia Limited*.
- Pardoe (2009b) – *Archaeological Excavations at Lake Cowal. Report prepared for Barrick Gold of Australia Limited*.
- Pardoe (2011) – *Cowal Gold Mine Augmentation Project Aboriginal Cultural Heritage Assessment*.
- Pardoe (2013) – *Cowal Gold Mine Extension Modification Aboriginal Cultural Heritage Assessment*.

Evolution's consultant archaeologist prepared a Research Design and Study Plan describing the archaeological works proposed for the approved CGO.

Evolution (and previously Barrick Australia Limited) obtained permits and consents under section 87 and section 90 of the NSW *National Parks and Wildlife Act, 1974* for the management of Aboriginal heritage artefacts at the CGO including:

- Permit 1468 authorising certain archaeological works in the ML 1535 area, mine borefield pipeline area and borefield area;
- Consent 1467 authorising the destruction of Aboriginal objects in the ML 1535 area, mine borefield pipeline area and borefield area;
- Permit 1681 authorising certain archaeological works in the road upgrade area and the relocated Travelling Stock Route; and
- Consent 1680 authorising the destruction of Aboriginal objects in the road upgrade area and the relocated Travelling Stock Route.

The approved Indigenous Archaeology and Cultural Heritage Management Plan provides a description of known sites of potential relevance to the development of the approved CGO. Registered Aboriginal heritage sites at the CGO are shown on Figure 2.

Registered Aboriginal heritage sites in the vicinity of the CGO borefield pipeline area and borefield area are shown on Figure 3. A description of the registered sites is provided in the Indigenous Archaeology and Cultural Heritage Management Plan.

Salvage works and site conservation works have been carried out at a number of sites in accordance with the relevant permit and consent conditions and the Indigenous Archaeology and Cultural Heritage Management Plan.

An Aboriginal Heritage Information Management System (AHIMS) search was conducted on the 27 February 2017 and identified 29 Aboriginal heritage sites within the extent of the indicative Modification area, including a number of sites which have been previously managed and/or salvaged. These registered Aboriginal heritage sites are listed in Table 1.

**Table 1**  
**Registered Aboriginal Heritage Sites within the Maximum Extent of the Modification Area**

43-5-0077	LCB15	Artefact	55	553143	6286501	AGD
43-5-0078	LCB16	Artefact	55	553269	6287320	AGD

After: AHIMS (27 February 2017).

Note: Not all sites listed in Table 1 are presented on Figures 2 and 3. The sites shown on Figures 2 and 3 include only those sites which remain *in situ*.

The majority of the registered Aboriginal sites identified in the AHIMS search have approved management measures authorised under Permit 1468. These measures are summarised in the Indigenous Archaeology and Cultural Heritage Management Plan, and further details are contained in the Research Design and Study Plan.

## 7 CULTURAL ASSESSMENT METHODOLOGY

In accordance with the Consultation Guidelines (DECCW, 2010a), Evolution requests that Registered Aboriginal Parties provide, where relevant, during the conduct of the ACHA, cultural information regarding:

- whether there are any Aboriginal sites/objects of cultural value to Aboriginal people in the relevant area or surrounds; and
- whether there are any places of cultural value to Aboriginal people in the relevant area or surrounds.

This may include places of social, spiritual and cultural value, historic places with cultural significance, and potential places/areas of historic, social, spiritual and/or cultural significance.

The Proposed Methodology for the cultural assessment and consultation process will involve the following:

- distribution of this proposed assessment methodology to Registered Aboriginal Parties;
- review of the proposed assessment methodology by Registered Aboriginal Parties who may wish to advise any matters such as issues/areas of cultural significance that might affect, inform or refine the assessment methodology;
- consultation with Registered Aboriginal Parties regarding the cultural context and value of Aboriginal objects and/or places that may be in the area of the Modification (including appropriate management of any cultural information provided by Registered Aboriginal Parties that is sensitive or has restricted public access);
- assessment of the significance of Aboriginal objects and/or places located in the proposed Modification area based on the context, Aboriginal heritage values and archaeological assessment;
- consultation with Registered Aboriginal Parties regarding potential management options to avoid or mitigate harm and/or conserve known Aboriginal objects and/or places; and
- documentation of feedback received as part of the cultural assessment from Registered Aboriginal Parties for presentation in the final ACHA report (subject to the sensitivity of the information provided).

### ***Sensitive Cultural Information - Management Protocol***

In the event that a Registered Aboriginal Party has sensitive or restricted public access information it is proposed that Evolution will manage this information (if provided by the Aboriginal community) in accordance with a sensitive cultural information management protocol.

It is anticipated that the protocol would include making note of and managing the material in accordance with the following key limitations/requirements as advised by the relevant Registered Aboriginal Party at the time of the information being provided:

- any restrictions on access to the material;
- any restrictions on communication of the material;
- any restrictions on the location/storage of the material;
- any cultural recommendations on handling the material;
- any contextual information;

- any names and contact details of persons authorised within the relevant Aboriginal group to make decisions concerning the Aboriginal material and the degree of authorisation;
- any details of any consent given in accordance with customary law;
- the level of confidentiality to be accorded to the material; and
- any access and use by the Aboriginal community, of the cultural information in the material.

All Registered Aboriginal Parties should be aware of the OEH requirement that all feedback provided must be documented in the final ACHA, including copies of any feedback received and the proponents' response to the issues raised.

## 8 PROPOSED ARCHAEOLOGICAL ASSESSMENT METHODOLOGY

The Proposed Methodology for the cultural and archaeological assessment for the ACHA is as follows:

- Conduct a search of the AHIMS database.
- Conduct a search of the National Heritage List, Commonwealth Heritage List and the Register of the National Estate.
- Conduct a desktop assessment to delineate areas of known and predicted Aboriginal objects, places and/or Aboriginal cultural heritage values, including a detailed review of previous assessments.
- Provision of existing information on Aboriginal heritage within the maximum extent of the Modification area to the Registered Aboriginal Parties, including a copy of the existing Indigenous Archaeology and Cultural Heritage Management Plan.
- Identify the Aboriginal cultural heritage values associated with the relevant area through consulting with Aboriginal people with cultural knowledge or responsibilities for Country in which the Modification will occur.
- Conduct a cultural and archaeological assessment with representatives of the local Aboriginal community, to identify Aboriginal objects, places and/or Aboriginal cultural heritage values. The field investigation(s) would be carried out by the consultant archaeologist with assistance of Aboriginal representatives.
- Record/document any Aboriginal objects, places and/or Aboriginal cultural heritage values within the relevant area and assess their significance with representatives of the Registered Aboriginal Parties.
- In consultation with the Registered Aboriginal Parties, develop recommended management and mitigation measures for Aboriginal objects, places and/or Aboriginal cultural heritage values within the Modification area.
- Provide a consideration of the potential impacts of the Modification on Aboriginal cultural heritage.
- Describe and justify the outcomes and alternatives.
- Document the Aboriginal cultural heritage impact assessment and the recommendations to minimise potential impacts on Aboriginal cultural heritage.
- Provide a copy of the draft ACHA to the Registered Aboriginal Parties for their review and feedback.
- Documentation of feedback received as part of the cultural assessment from Registered Aboriginal Parties for presentation in the final ACHA report (subject to the sensitivity of the information provided).
- As part of the process, Evolution will seek an AHIP (or a variation of an existing AHIP) under section 90 of the NSW *National Parks & Wildlife Act, 1974*.

Information from previous archaeological investigations and salvage work undertaken within ML 1535 and for the borefield pipeline will inform the site inspection/survey of the Modification areas and will also be incorporated into the archaeological significance assessment.

## **9 ABORIGINAL CULTURAL HERITAGE ASSESSMENT REPORT**

Following consultation on the Proposed Methodology of the cultural heritage assessment, and undertaking of any required field components, Evolution will prepare a draft ACHA report. The draft ACHA will be provided to Registered Aboriginal Parties for their review and comment and will include:

- details of the Aboriginal objects, places and/or Aboriginal cultural heritage values identified within the Modification area and an assessment of potential impacts from the Modification;
- details of the Aboriginal stakeholder consultation conducted and how any comments received throughout the assessment process were considered; and
- management and mitigation recommendations drawing on information provided by Registered Aboriginal Parties and the results of the cultural and archaeological assessments.

Relevant management and mitigation measures outlined in the existing Indigenous Archaeology and Cultural Heritage Management Plan will also be considered, where relevant to Aboriginal sites located in the Modification area.

## 10 CRITICAL TIMEFRAMES

Critical timeframes for the Modification ACHA are outlined below:

1. Collation of cultural significant information – ongoing throughout process until the very end of the draft ACHA review period.
2. Provision of comments on the Proposed Methodology to Evolution – April/May 2017.
3. Field survey(s) – anticipated to occur in May 2017 (noting that survey dates will be confirmed with relevant representatives as required).
4. Provision of a draft ACHA (including proposed management and mitigation measures) to Registered Aboriginal Parties for review and comment – anticipated to occur July - August 2017 (following field survey).
5. Provision of comments from Registered Aboriginal Parties on draft ACHA to Evolution – anticipated to occur August - September 2017.
6. Finalise ACHA in consideration of comments received – September/October 2017.
7. As part of the process, Evolution will seek an AHIP (or a variation to an existing AHIP) under section 90 of the NSW *National Parks & Wildlife Act, 1974*. This would occur following finalisation of the ACHA.

# **ADDENDUM TO THE PROPOSED METHODOLOGY FOR THE COWAL GOLD OPERATIONS PROCESSING RATE MODIFICATION ABORIGINAL CULTURAL HERITAGE ASSESSMENT**

**22 May 2017**

Since finalisation of the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), and following further detailed mine planning, Evolution Mining (Cowal) Pty Limited has identified an additional area being investigated for the Cowal Gold Operations Processing Rate Modification (the Modification).

As a result, the study area and survey area for the Modification have been slightly modified to include this additional area.

The representative field surveys for the Modification, which were described in the original *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), would therefore be augmented to also focus on the indicative survey areas(s) presented in Figure 1.

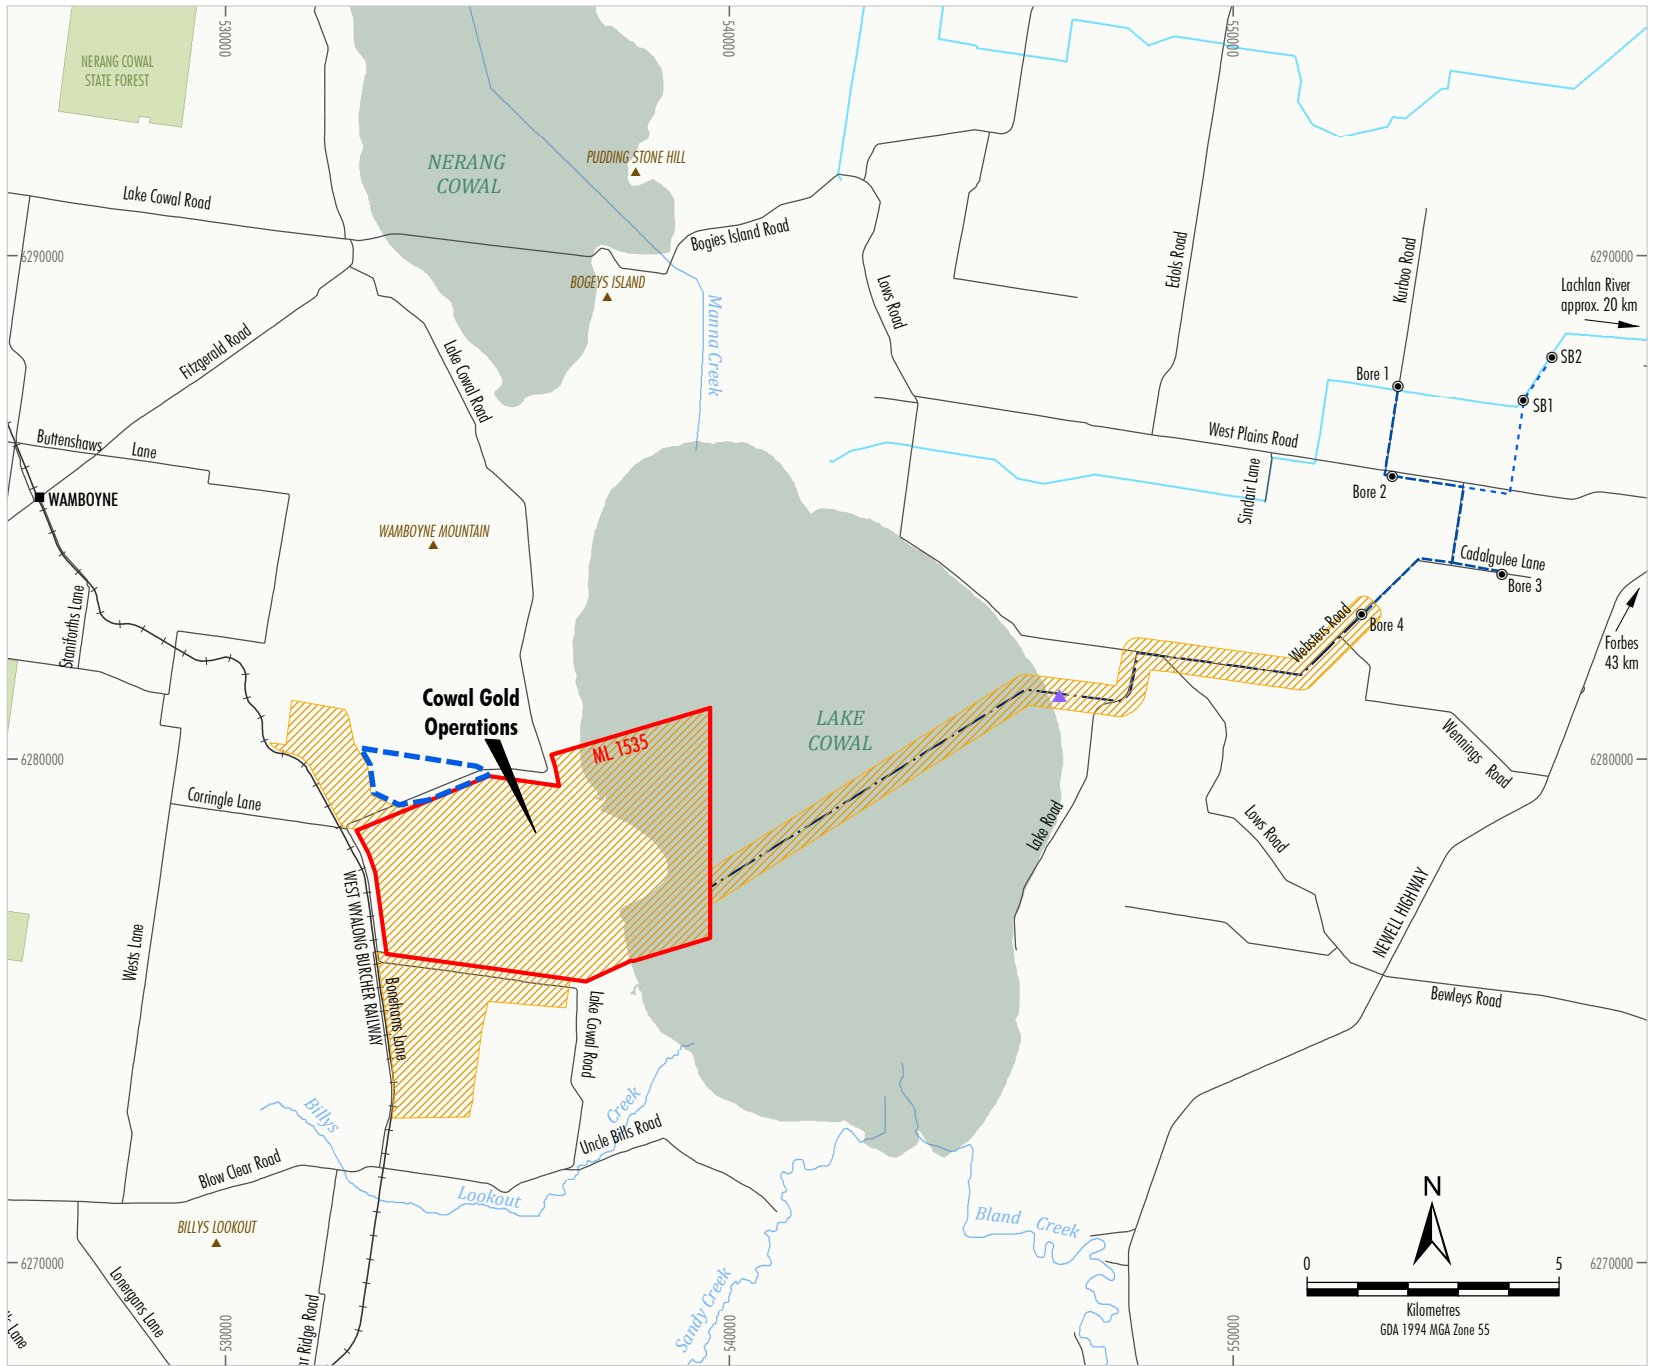

There are no other proposed amendments to the *Proposed Methodology for the Cowal Gold Operations Processing Rate Modification Aboriginal Cultural Heritage Assessment* (dated March 2017), including no change to the:

- Preliminary predictive model.
- Proposed assessment methodology.
- Sensitive cultural information management protocol.
- Content of the Aboriginal Cultural Heritage Assessment.
- Critical timelines for the Aboriginal Cultural Heritage Assessment.

## **PROPOSED METHODOLOGY INFORMATION SESSION**

**Cowal Gold Operations  
Processing Rate  
Modification:  
Aboriginal Cultural  
Heritage Assessment  
Information Session**  
Wednesday 17 May 2017

## **Agenda**

---

1. Project Background – Approved Cowal Gold Operations
  2. Project Description – Processing Rate Modification
  3. Aboriginal Cultural Heritage Assessment Process
  4. Archaeological Assessment and ACHA Report
  5. Roles of Participants
  6. Management of Sensitive Information
  7. Comments on the Proposed Methodology
  8. Timing for Next Steps
-

## Regional Location

- 38 km north-east of the town of West Wyalong, New South Wales.
- The Cowal Gold Operations has been operating since 2005.
- Evolution Mining (Cowal) Pty Limited is the owner and operator of the Cowal Gold Operations.

## Approved Cowal Gold Mine

- Development Consent (DA 14/98) for the Cowal Gold Operations and the mine water supply pipeline and borefield (Mining Lease [ML] 1535) was granted by the (then) NSW Minister for Urban Affairs and Planning in 1999.
- The approved Cowal Gold Operations includes the operation of the following:
  - open pit gold mine and processing facility;
  - water supply borefield and pipeline;
  - water management infrastructure and storage; and
  - tailings storage facilities.
- Modification 13 to the Cowal Gold Operations was approved on 7 February 2017 and involves the extension of the mine life by 8 years (i.e. to 2032) to allow for an additional 1.7 million ounces of gold production.
- Aboriginal heritage management at the approved Cowal Gold Operations is undertaken in accordance with the *Indigenous Archaeology and Cultural Heritage Management Plan* prepared in 2003, and relevant AHIPs.

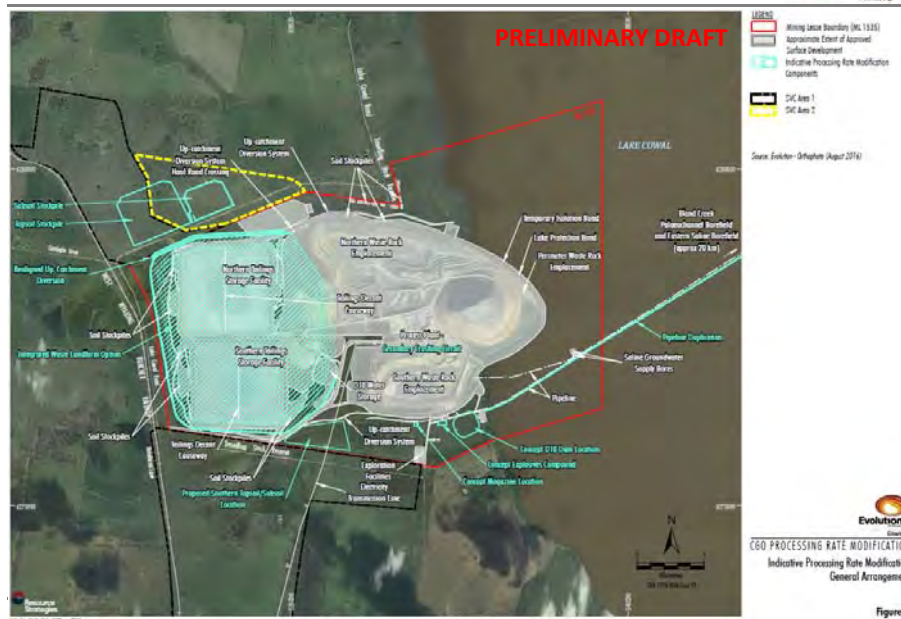

## Processing Rate Modification

- The Processing Rate Modification (the Modification) will include:
  - Construction and operation of new or expanded Tailings Storage Facilities;
  - Increasing the ore processing rate from 7.5 million tonnes per annum (Mtpa) to 9.8 Mtpa; and
  - Duplication of the existing water supply pipeline.

## Processing Rate Modification

# QUESTIONS?

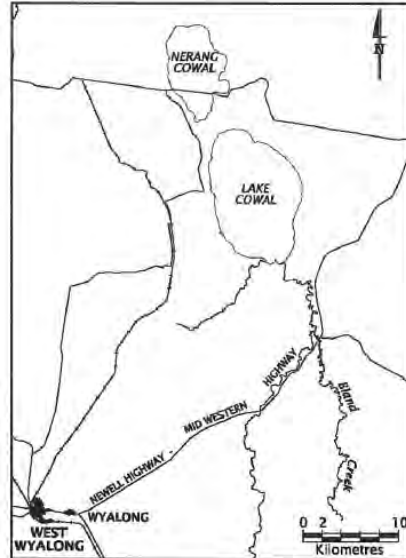

## Previous Archaeological Investigations

- A number of previous archaeological surveys have been conducted in the vicinity of the Cowal Gold Operations including by Paton (1989), Huys and Johnston (1995), Cane (1995a/b), Nicholson (1997) and Pardoe (2009a/b, 2011, 2013).
- Evolution (and previously Barrick Australia Limited) has obtained the following permits and consents for the management of Aboriginal heritage artefacts:
  - Permit 1468 authorising certain archaeological works in the ML 1535 area, mine borefield pipeline area and borefield area;
  - Consent 1467 authorising the harm of Aboriginal objects in the ML 1535 area, mine borefield pipeline area and borefield area;
  - Permit 1681 authorising certain archaeological works in the road upgrade area and the relocated Travelling Stock Route; and
  - Consent 1680 authorising the harm of Aboriginal objects in the road upgrade area and the relocated Travelling Stock Route.

## Registration Process

- The registration period was undertaken between February 2017 and April 2017.
- The 'Area of Interest' covers the entire Cowal Gold Operations and Modification Area.
- A total of 29 RAPs have registered an interest in the Modification, including all RAPs previously involved at the CGO.

## Aboriginal Cultural Heritage Assessment Process

- ACHA – relies on information from **Registered Aboriginal Parties**.
- ACHA to be prepared by Niche Environment and Heritage (Jamie Reeves).
- Management of sensitive information.
- Archaeological assessment including site inspection/survey.
- Consultation on survey findings and appropriate management.
- Draft ACHA Report.
- Aboriginal stakeholder comments on the draft ACHA.
- Finalise ACHA report.
- Consultation with Registered Aboriginal Parties throughout the process and at any time during the assessment.

## Assessment of Cultural Values

- **Evolution requests that Registered Aboriginal Parties provide any relevant cultural information regarding:**
    - Aboriginal objects of cultural value to Aboriginal people within the area of the Project.
    - Places of cultural value to Aboriginal people within the area of the Project.
  - This information is critical for a comprehensive assessment and development of appropriate management.
  - **The Cultural Assessment and consultation process will include the following:**
    - Recording responses on cultural significance that might affect, inform or refine the draft assessment methodology.
    - Consultation on the context and cultural value of Aboriginal objects and/or places.
    - Consultation regarding potential management options for relevant known Aboriginal objects and/or places.
    - Document feedback in the final ACHA report.
- 

## Archaeological Assessment

- **This Archaeological Assessment will include:**
    - Searches of AHIMS, the National Heritage List and the Commonwealth Heritage List.
    - Review of relevant reports and publications, including previous archaeological investigations and management reports.
    - Site inspection/ground survey, including ground-truthing of previously recorded sites.
    - Significance and impact assessment.
    - Management recommendations.
    - Preparation of an ACHA report.
-

## Aboriginal Cultural Heritage Assessment Report

- **The draft ACHA report will be provided to Registered Aboriginal Parties for review and feedback and will include:**
  - Details of the objects, places and values identified and an assessment of potential impacts.
  - Records of the Aboriginal stakeholder consultation conducted and how any comments received were considered.
  - Proposed management and mitigation recommendations.

## Roles of Participants

- **The OEH Consultation Guideline *Aboriginal cultural heritage consultation requirements for proponents 2010* (DECCW, 2010) indicates:**
  - *“The interests and obligations of Aboriginal people relate to the protection of Aboriginal cultural heritage.”*
  - *“It is only Aboriginal people who can determine who is accepted by their community as being authorised to speak for Country and its associated cultural heritage.”*
- **In addition, the Guideline states Aboriginal people should:**
  - *“Have an awareness and understanding of the commercial environment and constraints in which proponents operate.”*
  - *“Develop and display an awareness and understanding of the opportunities to input into regulatory processes to contribute to decision making by proponents and government authorities.”*

## Roles of Participants (Continued)

- **The OEH Consultation Guideline *Aboriginal cultural heritage consultation requirements for proponents 2010* (DECCW, 2010) indicates that proponents should:**
  - *“Bring the registered Aboriginal parties or their nominated representatives together and be responsible for ensuring appropriate administration and management of the consultation process.”*
  - *“Consider the cultural perspectives, views, knowledge and advice of the registered Aboriginal parties involved in the consultation process in assessing cultural significance and developing any heritage management outcomes for Aboriginal object(s) and/or place(s).”*
  - *“Provide evidence to DECCW [now known as the OEH] of consultation by including information relevant to the cultural perspectives, views, knowledge and advice provided by the registered Aboriginal parties.”*
  - *“Accurately record and clearly articulate all consultation findings in the final cultural heritage assessment report.”*
  - *“Provide copies of their cultural heritage assessment report to the registered Aboriginal parties who have been consulted.”*

## Management of Sensitive Information

- **In the event that a Registered Aboriginal Party has sensitive or restricted public access information:**
  - Evolution would make note of and manage the material in a manner agreed with the Aboriginal people/person at the time of the information being provided.
  - A specific sensitive cultural information management protocol will be developed.

## Comments on the Proposed Methodology

- **In accordance with the OEH Consultation Guideline *Aboriginal cultural heritage consultation requirements for proponents 2010* (DECCW, 2010):**
  - Evolution has previously provided a Proposed Methodology for your review and feedback.
  - Any feedback with respect to the Proposed Methodology was to be provided by **5.00 pm Wednesday 3 May 2017**.
  - The comment period is closed, however additional feedback on the Proposed Methodology is welcomed today.

## Timing for Next Steps

- Field Survey – anticipated to occur June/July 2017.
- Draft ACHA report distributed to Registered Aboriginal Parties for review and comment – anticipated to occur July-August 2017.
- Meetings to discuss the draft ACHA report – as requested and required.
- Comments on draft ACHA report – due August-September 2017 (minimum 28 days review period for draft report).
- Finalisation of ACHA report in consideration of comments received – anticipated to occur September/October 2017.
- A copy of the final ACHA report will be made available to all Registered Aboriginal Parties.
- As part of the process Evolution will seek an AHIP (or a variation to an existing AHIP) following the finalisation of the ACHA.

## Aboriginal cultural heritage assessment

- Cultural Heritage Assessment Surveys over 10 days:
  - 7 – 11 August 2017, 30 August – 1 September 2017, and 20 December 2017

## Aboriginal cultural heritage assessment

- Cultural Heritage Assessment Surveys over 10 days:
  - 7 – 11 August 2017, 30 August – 1 September 2017, and 20 December 2017

## Aboriginal cultural heritage assessment

## Aboriginal cultural heritage assessment

### Survey results:

- 65 new sites
- Stone artefacts
- Heat retainers
- Ovens
- Scarred tree

## Aboriginal cultural heritage assessment

## Aboriginal cultural heritage assessment

### Recommendations:

- Continue to use the Indigenous Archaeology and Cultural Heritage Management Plan (update as required)
  - Surface collection of visible stone artefacts, grader scraping
- Site avoidance through detailed design if possible
- Excavation of oven sites for dating samples prior to disturbance
- Salvage excavations at 3 sites prior to disturbance
- Specific analysis where suitable:
  - Radiocarbon dating from oven/salvage excavation
  - Non-invasive geochemical characterisation of artefacts
  - Residue and use-wear analyses
  - Technological analysis of flaked stone assemblage

## Aboriginal cultural heritage assessment

What's next?:

- ACHA Report finalised (March 2018)
- Environmental Assessment submitted (end March 2018)
- Public Exhibition (expected May 2018)
- Determination (expected 2018)
