Wednesday 3 September 2014
9.00 am – Cowal Gold Mine
Minutes taken by: Elliot Willemsen-Bell

Attdees:
Independent Chair: Margaret MacDonald-Hill (MMH)
Barrick: Alan Fearon (AF), Garry Pearson (GP) and Shane Goodwin (SG)
Community Members: Angus Stitt (AS) and Lucy Buttenshaw (LB)
Lake Cowal Landholders Association: Bruce Dent (BD)
Bland Shire Council: Neil Pokoney (NP)
Lachlan Shire Council: Graham Scott (GS)
Forbes Shire Council: Brian Mattiske (BM)
Wiradjuri Condobolin Corporation: Terry Williams (TW)
Lake Cowal Foundation: N/A

Observers: Jason Floyd (Barrick Cowal Mining Manager)

Apologies: David Carter, Daryl Neilson, Jenene McGrath, Cr Hampton

4.0 Business Arising from previous Minutes

MMH discussed the Trust Fund, set up to cover costs associated with the running of the CEMCC, including independent review. The Funds currently has approximately $25,000 available. All agree to leave as is for now.

The issue of use of Bogeys Island Road was also raised. SG explained that Lachlan Shire had included a submission with the Modification to have Bogeys Island excluded from the Approved Routes in the Development Consent Conditions. This request was not included in the most recent determination, and as such Barrick have reverted to using Bogeys Island Road.

SG discussed the “Driving Change” Program that was presented as a Cowal Partnering Program at the last CEMCC. Unfortunately, the organisation was not able to broaden the scope of the program, and as such Barrick did not proceed with the partnership.

AS complimented GP and his team for the consistently high standard of the AEMR.

TW will present on the Wiradjuri Condobolin Corporation at a future meeting.

Correspondence

In
Email dated 20/6/14 - Barrick, NF&O incident report
Letter dated 1/7/14 - Barrick enclosing complaints register
Letter dated 2/7/14 - Barrick enclosing Cowal update
Letter dated 9/7/14 - Barrick enclosing IEA
Email dated 21/7/14 - Barrick, NF&O incident report
Letter dated 12/8/14 - Barrick enclosing 2013 AEMR

Out
Letter dated 12/6/14 - thank you to Garry Shaw
Email dated 21/8/14 - to CEMCC on cyanide recertification

5.0 Reports

Shane Goodwin provided a detailed account of Barrick Cowal’s Community Relations Activities over the past three months – See the attached presentation for more information (Attachment B).

- Community Relations activities
- Wiradjuri update
- Complaints/Grievances
- Modification Proposal Update
- Upcoming activities
- Cowal Partnering Program discussion
Complaints/Grievances

The 4 complaints received since the last meeting were from two individual stakeholders:

- The complaints received relate to:
  - Blasting (3)
  - Driver behaviour (1)

Modification Proposal Update

SG advised that on 22 July 2014, the DP&E made a Determination and provided revised Development Consent Conditions in response to the Modification Proposal. Whilst Barrick is in the process of reviewing the new requirements, the following are of key significance to the CEMCC:

- Increased environmental monitoring from bi-annually to quarterly. NP stated that it was a key role of the CEMCC to verify monitoring and ensure adequate reporting on environmental issues by Barrick. At no time have the CEMCC expressed any dissatisfaction with the current monitoring and reporting processes, so why have the DP&E doubled the requirements?

MMH suggested that correspondence be drafted to DP&E noting the changes and stating that the CEMCC feels the previous standard is sufficient.

- SG also discussed new reporting process for complaints and grievances. Complaints/grievances are to be reported monthly, and displayed on the Barrick website. Despite there being no requirement for complaint reports to be published on the Bland Shire Council website, SG said that Barrick would continue to make reports available by this method.

Cowal Partnering Program – An overview of recent activities to promote the new system of funding rounds, including information sessions, advertising and local news media articles.

Ten proposals were discussed:

- Community Mental Health Event – Bland Shire Council
- NAIDOC Celebration – West Wyalong Local Aboriginal Land Council
- Hear the Bush Beat – Burcher Progress Association
- Mining Along the Lachlan – Condobolin and District Historical Society
- Bland Shire Children and Youth Mental Health Program – Murrumbidgee Local Health District
- Harmony – Wyalong Public School
- Safety, Health and Work – Havannah House
- Equipment Upgrade – West Wyalong Men’s Shed
- Rural Women and Youth in Agriculture – Central West Farming Systems
- Joey Reading Group – Born to Read

There was discussion over all proposals, with positive comments and recommendations from the Committee.
**Garry Pearson** provided a detailed account of Barrick Cowal’s Environment Department Activities over the past three months – See the attached presentation for more information (Attachment C).

He noted that the Rehabilitation Management Plan (RMP) would be sent to all CEMCC Members for review, as would the Independent Monitoring Panel Report.

### 6.0 General Business

SG discussed the Future Land Use Advisory Committee (FLUAC), which would be formed to discuss options use of Barrick land, following closure. The Committee would be made up of impacted stakeholders, including local landholders, Wiradjuri representatives, Council and the LCF.

BM asked if FLUAC discussions will include the borefields, and SG said this issue would be discussed, but any negotiation would be around the existing easement agreements.

AS said that there were family burial plots on Barrick land, and that while Barrick gave free access, he wanted to ensure this continued after Barrick left.

The Social Impact Assessment was also discussed, and SG stated that Barrick did not want to release the SIA prior to the determination of the Modification. Bland Shire Council has recently formed a Committee to address the issues within the SIA, and that Barrick was involved in that Committee.

### 7.0 Meeting Closed – 11.10am

### 8.0 Next Meeting

Wednesday 3\(^{rd}\) December 2014, at the Lake Cowal Conservation Centre.
Community Environmental Monitoring and Consultative Committee (CEMCC)

Declarations of interest:

Margaret MacDonald-Hill - Independent Chair
- Appointed by DG of DP&E, paid via Trust administered by Bland Shire Council
- Member of the Mine Subsidence Board
- Member of the Ministers’ Arbitration Panel

Angus Stitt – Community Representative, West Wyalong
- Receives reimbursement of travel costs for attending CEMCC meetings, from time to time

Lucy Buttenshaw – Community Representative, West Wyalong
- Nil

Jenene McGrath – Community Representative, West Wyalong
- Nil

David Carter – Community Representative, Condobolin
- Nil

Bruce Dent – Lake Cowal Landholders Association
- Noise Mitigation Agreement in accordance with Development Consent Conditions
- Receives reimbursement of travel costs for attending CEMCC meetings, from time to time

Neil Pokoney – Bland Shire Council Representative
- Barrick is a ratepayer within the Bland Shire
- Barrick has entered into a Roads Maintenance MOU with Bland Shire Council
- Barrick has provided financial support for certain community events, initiatives, and infrastructure operated by the Bland Shire Council

Graham Scott – Lachlan Shire Council Representative
- Barrick is a ratepayer within the Lachlan Shire
- Barrick is a customer (subscriptions and advertising) of The Lachlander newspaper, of which, Mr Scott is the Editor
- Barrick has entered into a Roads Maintenance MOU with Lachlan Shire Council
- Barrick has provided financial support for certain community events, initiatives, and infrastructure operated by the Lachlan Shire Council

Brian Mattiske – Forbes Shire Council Representative
- Barrick is a ratepayer within the Forbes Shire
- Barrick pays annual easement payments to the Forbes Shire Council for properties owned by Council
- Barrick pays annual easement payments to entities which Mr Mattiske maintains a financial interest in for properties owned by those entities
- Barrick pays an annual fee for Temporary Water Transfer Agreements to entities which Mr Mattiske maintains a financial interest
- Barrick has provided financial support for certain community events, initiatives, and infrastructure operated by the Forbes Shire Council

**Daryl Neilson – Lake Cowal Foundation and Independent Scientist**
- Receives reimbursement of travel costs for attending CEMCC meetings, from time to time
- Director of Lake Cowal Foundation which receives annual payments from Barrick

**Terry Williams – Wiradjuri Condobolin Corporation**
- Wiradjuri Condobolin Corporation receives compensation payments in accordance with Native Title requirements
- Wiradjuri Condobolin Corporation is a contractor to Barrick at the Cowal Gold Project
Community Relations

- Community Relations Team activities
- Wiradjuri update
- Complaints/Grievances
- Modification Proposal Update
- Upcoming activities
- Cowal Partnering Program
Community Relations

Activities since the last CEMCC Meeting:

- Attended West Wyalong Business Evening – hosted by Bland Shire Council
- Quarterly CPCC and ETBC Meetings with Wiradjuri Condobolin Corporation
- Hosted three community information sessions regarding the Cowal Partnering Program in West Wyalong, Forbes and Condobolin
- Presentation to Endeavour Scholarship recipients at Forbes High School
- Attended meeting and dinner with Riverina LLS Board during their visit to West Wyalong
- Spoke at the West Wyalong CanAssist AGM
- Received 18 applications for the first round of the new Cowal Partnering Program

Wiradjuri Update

- Conducted Quarterly ETBC and CPCC Meetings
- Worked with the WCC on commencing a traineeship in Tourism and Events Management to be based at the Wiradjuri Study Centre – looking to commence employment by our next meeting
Complaints/Grievances

- CGM received four (4) complaints since the last meeting of the CEMCC which was held on 4 June 2014.
- The four complaints received relate to:
  - Driver behaviour: 1
  - Blasting: 3
- The complaints were from a selection of stakeholders:
  - Complainant A: 50% (2)
  - Complainant B: 50% (2)

Complaints/Grievances

Blasting x 3:
- Barrick received three complaints regarding blasting.
- On all three occasions, Barrick spoke with the complainants an undertook to provide blast monitoring data to the complainant via email.
- For the three blasting events which triggered complaints, all were found to have complied with the Blasting Impact Criteria described in the CGM Development Consent.
  - Peak Ground Vibrations: 0.24 mm/s
  - Peak Overpressure: 105.5 dB(Lin)
- On each occasion, the Complainants were advised that if they remained dissatisfied with the ongoing effects of blasting at their property, they could seek independent mediation of their Complaint via the CEMCC.
- Complainants were also advised that they could seek independent assessment of blasting impacts at their properties via the Department of Planning and Environment. Barrick has provided the Complainants with the Department’s contact details.
Complaints/Grievances

Driver Behaviour:
- Barrick received one complaint from a nearby resident enquiring about employees using Bogey Island Road – the Complainant believed that mine employees were not permitted to use that road.
- Barrick’s representative advised that the recent approval of Barrick’s Modification application included a condition that required the ongoing use of Bogey Island Road.
- The Complainant acknowledged this and asked that employees be reminded to show courtesy to other drivers by slowing down when passing on unsealed roads.
- CGM’s General Manager included a reminder about courteous driving for all employees in his weekly e-newsletter.

Modification Proposal

- The Department of Planning and Environment issued its Determination (approval) of Barrick’s proposed Modification of its Development Consent on 22 July 2014.
- The Department took the opportunity to review all Development Consent Conditions for the operation and new requirements were issued with the Notice of Determination.
- Barrick is reviewing the updated conditions with a view to ensuring ongoing compliance.
Changes to the CPP

- In recent months we have undertaken a number of activities to raise awareness of the Program including:
  
  - Revised old guidelines and development of a new factsheet. This factsheet was distributed to approximately 55 community organisations across the region.
  
  - Advertising and media articles in local newspapers to advise of new rounds process and invite attendance to information sessions.
  
  - Information sessions held in each Shire. These were designed to reach organisations we had not previously dealt with and give the opportunity for people to speak directly with CR Team about their specific group/program.
  
  - Included an article about changes in the July edition of the Cowal Update.
Current Status of CPP

- Expended approximately $107,000 to date in 2014.
- Division of funds:
  - Bland Shire - $19,500
  - Lachlan Shire - $17,200
  - Forbes Shire - $32,422
  - Regional - $38,372

Note: Regional includes Murrumbidgee Local Mental Health Youth Worker, Wiradjuri Council of Elders and support for events in Ardlethan

New applications

10 new applications for discussion:

- Community Mental Health Event – Bland Shire Council
- NAIDOC Celebration – West Wyalong Local Aboriginal Land Council
- Hear the Bush Beat – Burcher Progress Association
- Mining Along the Lachlan – Condobolin and District Historical Society
- Bland Shire Children and Youth Mental Health Program – Murrumbidgee Local Health District
- Harmony – Wyalong Public School
- Safety, Health and Work – Havannah House
- Equipment Upgrade – West Wyalong Men’s Shed
- Rural Women and Youth in Agriculture – Central West Farming Systems
- Joey Reading Group – Born to Read
COMMUNITY MENTAL HEALTH EVENT

Project Summary:
Mental Health awareness event will strive to create a fundamental long-term change in attitudes toward mental health in the Bland Shire and surrounding areas, breakdown stigma and barriers to treatment access and supports within the community.

With a scope to connect with and affect a large number of Bland Shire community members, the event will center on instilling an awareness of the mental health issues that are being experienced by the greater community, with special attention paid to suicide and identification of the early warning signs and symptoms.

Organisational Summary:
Bland Shire Council
Amount requested: $2,500

West Wyalong Local Aboriginal Land Council

NAIDOC CELEBRATION

Project Summary:
The WWLALC has partnered with the Bland Shire Council to celebrate NAIDOC and indigenous culture. This will include dancers, artists, cultural educators, static displays from service providers, face painting and cultural demonstrations. We are wanting to promote unity, acceptance and understanding.

Organisational Summary:
The WWLALC was established in 1983 and has undergone major reform over the past 31 years, with Governance and accountability the main focus under NSW legislation changes. The WWLALC, in accordance with the Aboriginal Land Rights Act 1983, aim to acquire land and to use, manage, control, hold or dispose of, or otherwise deal with land vested in or acquired by the Council. We also provide specialist advice to community upon request regarding cultural and heritage and promote awareness in the community.

Amount requested: $1,500
MINING ALONG THE LACHLAN

Project Summary:
A permanent exhibition space exploring mining and its role in developing the Lachlan Shire. It will be mounted in a "Big Book" display unit, holding c. 10sq. meters of content. This will be Stage one in the development of a more expansive portrayal of the mining industry in the newly opened Condobolin & District Museum.

Organisational Summary:
The Condobolin & District Historical Museum has c. 70 volunteer members. Newly established, it is housed in the refurbished 1910 Shire Building in the Main Street. The Lachlan Shire Council owns the building, which has been leased free of rent and outgoings to the museum for an initial 10 years.

Amount requested: $1,200

Wyalong Public School

"HARMONY"

Project Summary:
The project will encompass student learning and appreciation of Aboriginal culture and the environment, through the construction of a suitable outdoor classroom and facilities.

The students will gain knowledge about bush tucker plants, dreamtime stories, Wiradjuri culture, mural painting and art work. It is an opportunity for the students and the West Wyalong Local Aboriginal Land Council to work together and forge a relationship.

The designated area would be developed as an outdoor classroom and an area of reflection and mindfulness.

Organisational Summary:
Wyalong Public School also known as "TOPPY" is situated within the rural setting of West Wyalong, parallel to the Newell Highway. In 2012 Students attending the school resided in West Wyalong, Wyalong or commuted from other rural settings. The student population in 2012 was 55 in total.

Amount requested: $4,000
West Wyalong Men’s Shed

EQUIPMENT UPGRADE

Project Summary:
At present, we have a large and varied selection of tools in our workshop, mostly deceased estate and throw always, which can be both blunt and dangerous.

The electric tools are very noisy and create a lot of dust. We must upgrade our tools for the safety of our members and to support our efforts to become sustainable through providing services to other organizations and events in the Bland Shire.

Organisational Summary:
West Wyalong Men’s Shed was established in 2012, with the assistance of Bland Shire Council and Barrick Cowal Gold Mine. Men’s Sheds are designed to encourage good health, based on many factors including feeling good about yourself, being productive and valuable to your community, connecting to friends and maintaining an active body and an active mind. Becoming a member of a Men’s Shed gives a man that safe and busy environment where he can find many of these things in an atmosphere of old-fashioned mate ship. And, importantly, there is no pressure. Men can just come and have a yarn and a cuppa if that is all they’re looking for.

Amount requested: $4,500

Central West Farming Systems

RURAL WOMEN AND YOUTH IN AGRICULTURE

Project Summary:
The project aims to upskill and increase awareness of sustainability in agriculture by encouraging women and youth to participate more fully in all aspects of the industry. From the CWFS Women and Youth Conference, it was identified that there are a number of barriers for youth and women to work in the agricultural area and by targeting this demographic, through education, skills and decision making tools, it will increase participation.

A number of workshops are designed around marketing, communication, livestock, soil health and new technology. Visiting local industries such as MSM Milling and Manildra Grain will help participants understand the components in the value chain from paddock to plate.

Organisational Summary:
Central West Farming Systems (CWFS) is an independent, not-for-profit, farmer driven organization. We operate in an area covering 14 million hectares in the lower rainfall, mixed farming areas of Central West NSW (350-500mm rainfall). Formed in 1998, the group now boasts over 400 members made up primarily of farmers but also private and public sector advisers, researchers and agribusiness.

Our primary goals are to increase information delivery to our members, farmers and the community, through our highly reputable publications, field days and workshops presented to farmers and industry advisors

Amount requested: $5,000
Burcher Progress Association

HEAR THE BUSH BEAT

Project Summary:
A local event in Burcher, designed to encourage tourism and local economic development. The event will feature music (Mental As Anything), activities for children and families and will be a celebration of rural life.

Organisational Summary:
Burcher Progress Association is an active community group that aims to raise the profile of the rural village of Burcher through events (Poppers in the Pines) and generating revenue for maintenance of the Burcher Hall and other amenities. Ultimately, the organisation is seeking to develop facilities for tourists, caravans and campervans to further improve the sustainability of the village.

Amount requested: $7,000

Born to Read

JOEY READER CLUB

Project Summary:
The Joey Readers Club is an initiative for children aged 0-5. Parents/carers are given the opportunity to join their children in this club usually by the children’s health nurse following the birth of their baby. Then, as members of the Joey Reader Club, the child is sent a book gift on each birthday that encourages and promotes the importance of reading. Each gift is valued at approximately $10.00.

Organisational Summary:
Born to Read is a not-for-profit community organisation that promotes the importance of reading to children from birth. All members are volunteers and there is no paid staff. The organisation was formed in 2004, with a need to promote the importance of parents/carers ensuring that they have positive interactions with their children, in a language rich reading environment.

Amount requested: $7,500 over three years
Murrumbidgee Local Health District

BLAND SHIRE CHILD AND YOUTH MENTAL HEALTH PROGRAM

Project Summary:
A continued partnership with Barrick Gold will enable the Temora MHDA Services to focus on the needs of the schools within the Bland LGA. This project will specifically utilize the FRIENDS group program to build resilience in students to protect them from anxiety and depression. This would specifically target schools within the Bland Shire and would include weekly on-site visits and group sessions with students.
The Project Worker will facilitate referral of students to appropriate services.

Organisational Summary:
The Murrumbidgee Local Health District provides health services across the Riverina Murrumbidgee region. The Temora Mental Health Drug and Alcohol (MHDA) Services provide assessment and support for children, adolescents and older people with mental health and substance misuse problems across Temora, Junee, Coolamon and Bland LGAs.
The Temora MHDA Child and Youth Mental Health Promotion Worker acts as a link between schools, parents, students and MDHA Services.

Amount requested: $47,992 over three years

Havannah House

SAFETY, HEALTH & WORK

Project Summary:
In order to meet Local Council Health and Safety Regulations so that it can continue to provide this service it must complete a number of activities. In this project we wish to undertake a partnership with the Cowal Partnering Program initially to install a fire escape which meets building code standards, install entry ramp and hand rail (first year of project), and to provide a disabled toilet and shower in the second year, with the remaining cost to be met by Havannah House. In the third year, we would like to complete Kitchen/Office bathroom upgrades. These last activities would make a more efficient and pleasant place to work and to live.
It will also ensure its continued long term sustainability.

Organisational Summary:
Havannah House offers an important service to the Forbes and surrounding communities providing crisis accommodation, support and counselling to needy individuals and families. Services include:
- Short, medium, and long term accommodation for individuals and families in need,
- Rehabilitation programs
- Assistance/support/education toward employment.
Havannah House Ministries also works various Welfare Agencies including DOC's, Police, Yoorana Gunya, Binaal Billa, Department of Housing, St Vincent de Paul, and the Women's Refuge, and is an approved placement for clients under the authority of the Parole Board for Community Service. It services Forbes, Parkes, West Wyalong, Condobolin, Cowra and Orange and has clients come from interstate seeking help.

Amount requested: $40,000 over three years
Environmental Management Overview

- Environmental Policy (August 2013)
- Environmental Incidents
- Environmental Summary
- Government Interactions
- Cyanide Management
- 2014 Look Ahead
Barrick Environmental Policy

Barrick Gold Corporation believes that wise environmental stewardship is based on careful work planning, diligent implementation, thoughtful assessment of performance and a desire to improve over time. Successful implementation of our plans results in some disturbances to our natural environment. However, Barrick believes that we can contribute to the sustainable development of our host communities. We are committed to meeting the needs of current members of that community without jeopardizing the ability of future generations to meet their needs.

Therefore, I believe Barrick must:

- Clearly communicate this policy to those who work at Barrick, their families, and our host communities.
- Establish, document and maintain an environmental management system and clearly define environmental requirements.
- Educate our employees, their families, and our neighboring communities about our systems and practices.
- Insist that those who provide services or products adhere to our environmental policy and practices.
- Ensure that our leadership and employees understand, support and maintain our environmental management system.
- Provide our managers and supervisors with authority and resources necessary to implement our environmental management system and associated environmental standards and practices.
- Apply proven management practices to prevent pollution or other environmental impacts, when practical, or to mitigate their impacts.
- Set and review environmental objectives and targets aimed at continual improvement.
- Conduct periodic reviews of our operations to monitor environmental performance and to guide our environmental management program.
- Fully comply with all applicable environmental laws, regulations and other environmental obligations.
- Work with governmental and non-governmental environmental agencies and other concerned parties to develop a mutual understanding of environmental issues.

Jamie Scawthorpe
President and CEO
August 2014

Environmental Incidents

- Reportable Incidents
  - All incidents related to death of native fauna on the mining lease.

- June 2014
  - 1 Pelican – Lake foreshore standby boat track accessway.
  - 2 Welcome Swallows – fallen to concrete floors.
  - Nil (0) native animal rescued – WIREs Calls.
  - Pest Control:
    - Monitoring feral cats numbers.
      - Mouse baiting continuing. No mice since 2012 mini-plague.
      - No 1080 Fox baiting since end-2012. Resuming 08 September 2014 – Rabbits too.
    - Mutual Aid: Two (2) – Galah – Tallimba house; Pied Butcher Bird – Lake Cowal fence. WIREs.
  - All incidents were reported to Government agencies in accordance with regulatory approvals. Deceased fauna were forwarded to Veterinary Clinic to confirm cause of death. No death was associated with chemical toxicity & no further action necessary.
Environmental Incidents

Reportable Incidents
All incidents related to death of native fauna on the mining lease.

July 2014
- 1 Welcome Swallow – Exploration Geology Core Shed No 2
- 2 Welcome Swallow – Processing Plant Oxygen Tanks – predation by other bird.
- 2 Stubble Quail – Processing Plant Oxygen Tanks – predation by other bird.
- 1 Hoary-headed Grebe – Processing Plant Oxygen Tanks – predation by other bird.
- 1 Gould’s wattled Bat – Processing Plant Oxygen Tanks – predation by other bird.
- 1 Barn Owl – bitumen access road.
- 1 Grey Kangaroo – bitumen access road.
- 1 Hoary-headed Grebe – Pond D5 vehicle impact – haul road.
- 1 Crested Pigeon – Admin main car park.
- 2 Australian Magpies – bitumen access road.
- Two (2) native animals rescued - x1 Brown Snake; x1 Long-necked Turtle - WIRES.
- Pest Control:
  - One 5.5 kg feral cat – euthanased by Vet.
  - No 1080 Fox baiting since end-2012. Resuming 08 September 2014 – Rabbits too.
- Mutual Aid: Nil (0) – requests - WIRES.

All incidents were reported to Government agencies in accordance with regulatory approvals. Deceased fauna were forwarded to Veterinary Clinic to confirm cause of death. No death was associated with chemical toxicity & no further action necessary.

Environmental Incidents

Reportable Incidents
All incidents related to death of native fauna on the mining lease.

August 2014
- 1 Stubble Quail – Processing Plant Oxygen Tanks – predation by other bird.
- 1 Stubble Quail – Processing Flotation Tank area – predation by other bird.
- 2 Welcome Swallow – Processing Leach Tank area concrete floor – flight errors.
- 1 Galah – Processing Plant upper decking – flight error.
- Nil (0) native animals rescued – . WIRES.
- Pest Control:
  - Two 4.5 kg and One 3.9 kg feral cats – euthanased by Vet.
  - Mouse baiting continuing. No mice since 2012 mini-plague.
  - No 1080 Fox baiting since end-2012. Resuming 08 September 2014 – Rabbits too.
- Mutual Aid: Nil (0) – requests - WIRES.

All incidents were reported to Government agencies in accordance with regulatory approvals. Deceased fauna were forwarded to Veterinary Clinic to confirm cause of death. No death was associated with chemical toxicity & no further action necessary.
Environmental Incidents

- Reportable Incidents
  All incidents related to death of native fauna on the mining lease.

- September 2014
  - 1 Tawny Frogmouth – bitumen access road.
  - 1 Myall (Curl) Snake – Exploration Geology gravel access road.
  - Nil (0) native animals rescued – Wires.

  Pest Control:
  - Addressing feral cats numbers – three traps running (bacon, salmon, Dine, KFC).
  - Mouse baiting continuing. No mice since 2012 mini-plague.
  - No 1080 Fox baiting since end-2012. Resuming 08 September 2014 – Rabbits too.
  - Mutual Aid: Nil (0) – requests - Wires.

All incidents were reported to Government agencies in accordance with regulatory approvals. Decayed fauna were forwarded to Veterinary Clinic to confirm cause of death. No death was associated with chemical toxicity & no further action necessary.
Environmental Summary

- Draft new MOP reviewed with DRE (14 August). Lodged.
- Have a written extension until end-January 2015 (accommodation of 22 July 2014 MOD11 (s75W) request process) . . .

Environmental Summary

Prior business item approved without comment from the CEMCC (26 June 2013).

MOD11:
- **ROMP** split and renamed as **RMP** and **BOMP**.
- Strategy for **Long-term Land Use Strategy** –
  - **Renamed** as **Rehabilitation Strategy** - required to be prepared in consultation with the NOW, OEH, CEMCC & BSC - approval by DP&E.
  - CEMCC Members will receive draft RMP in near future.

Regulatory Inspections

- **s75W Closure Security Bond Review** (20 April 2010)
  - Bonded amount at AUD 63.5 million from July 2009.
  - Model re-run July 2010, July 2011 – adequate security; and
  - AUD 63.3 million (May 2012) – adequate Security.

- Varied **EPL11912** in effect from 21 May 2014
  - Lodged AER on 20 February 2014 with cheque;
  - Monthly EPL required PIRM P data;
  - Lake Cowal below 204.50 m RL monitoring trigger; &
  - MOD11 variation request of EPL to follow Review.
Regulatory Inspections

- 9th Independent Monitoring Panel (Oct 2013):
  - received October 2013 SoE report from DP&E by IMP on 2 June 2014.
  - IMP visiting 9-10 Sept 2014 – 10th annual visit.

- All relevant govt depts 2014 visit
  - 2013 AEMR dispatched to stakeholders on 12 August;
  - DRE Inspectors x2 visit 09 Sept.; and
  - Govt review visit 10 Sept. 2014 (EPA, DRE).

EMPs status update

- As per recent IEAs, DP&E delays in EMP approvals was noted.
- DP&E verbal instruction to use as approved (26 Sept. 2013).
  - FMP, ESCP, SWMP, CMP, HWCMP, BlastMP, NMP, ROMP.
- MOD11 (22 July 2014), sets the path forward to submit revised EMPs. Target is 19 November.
  All EMPs, EIS, EA, as per DC will be on www.
North Pond D1 Trials 2011...2013

As per IMP 2010 recommendation:
- NWE Pond D1 trials.

May 2014

Northern Pond D1 Trials
2,000 native tube stock

29 August 2014

Environmental Summary

- Lake Blast loggers working well. SAROS mtce in Oct 2014.
- Blast activities - 100% compliance with 120 dB(L).
  - Ongoing communications with neighbours.
Water Supply

- Pond D9 half full (capacity of 690ML).
- 2,000 ML High Security Lachlan Reg Rv water in 2013.
- Saline water started (ESB). New RO Plant running.
