ASX Announcement
12 August 2020

RED LAKE UPDATE

Evolution Mining Limited (ASX:EVN) (“Evolution”) advises that residents of the Red Lake community in Ontario, Canada, were evacuated on the evening of 10 August 2020 due to the threat of a nearby forest fire. The safety of our people is Evolution’s highest priority. The Company’s emergency response plan has been activated and operations at the Red Lake gold mine have been temporarily suspended. The mine has been evacuated and all Evolution employees and contractors are safe and accounted for. There has been no damage to any infrastructure at the operation.

Evolution is working with authorities and the community to help contain the forest fire and provide assistance where needed.

No material impact to Red Lake's September quarter gold production is expected.

This announcement has been authorised for release to the ASX by Executive Chairman, Jake Klein.

About Evolution Mining

Evolution Mining is a leading, growth-focused Australian gold miner. Evolution operates five wholly-owned mines – Cowal in New South Wales, Mt Carlton and Mt Rawdon in Queensland, Mungari in Western Australia, and Red Lake in Ontario, Canada. In addition, Evolution holds an economic interest in the Ernest Henry copper-gold mine in Queensland that will deliver 100% of future gold and 30% of future copper and silver produced from an agreed life of mine area. Outside of the life of mine area Evolution will have a 49% interest in future copper, gold and silver production.
