

Pollution Incident Response Management Plan

This Pollution Incident Response Management Plan has been made publicly available, as per Clause 98D of the Protection of the Environment Operations (General) Regulation 2009 and the *Protection of the Environment Operations Act 1997* (the POEO Act). The following represents an extract from the CGO Emergency Preparedness and Response Plan (CGO_ERT_MPL_0002), published December 2022.

For the purpose of this plan a 'pollution incident' is defined as:

"An occurrence or set of circumstances during or as a consequence of which there is or is likely to be a leak, spill or other escape or deposit of a substance, as a result of which pollution has occurred, is occurring or is likely to occur. It includes an incident or set of circumstances in which a substance has been placed or disposed of on premises, but it does not include an incident or set of circumstances involving only the emission of any noise" (POEO Act).

Notification of Pollution Incidents:

In the case of an emergency, Cowal Gold Operations will contact the Emergency Services immediately on 000.

After Emergency Services have been contacted, or in the case of non-emergency pollution incidents*, Cowal Gold Operations will notify the Authorities outlined in Table 1 and 2 as required.

Contacting Neighbours and Surrounding Communities:

For pollution incidents that extend beyond site boundaries and which cause, or threaten to cause, harm to people, property or the environment, Cowal Gold Operations will seek the advice of the Emergency Services and Authorities to notify all relevant neighbours by a suitable method appropriate to the situation. The neighbours that have been identified as those most likely to be impacted by a pollution incident are outlined in Table 2 and CGO_ERT_MPL_0002.

Table 1: Relevant Authorities Contact Details (State)

Name	Contact details
NSW Fire and Rescue, Police, Ambulance	000
NSW Environment Protection Authority	131 555 (Pollution Hotline) 02 6969 0700
NSW Department of Planning and Environment	Written notification via Major Projects Portal
Water NSW	General: 1300 662 077 Emergency: 1800 061 069
SafeWork NSW	13 10 50
Ministry of Health	02 9391 9000

*A pollution incident is required to be notified if:

"There is a risk of material harm to the environment which includes actual or potential harm to the health or safety of human beings or to ecosystems that is not trivial, or, actual or potential loss or property damage of an amount, or amounts in aggregate exceeding \$10,000." (Clause 1, Section 147, POEO 1997)
